Re: Replacement of Winter Wonderland of Lights electrical equipment

On April 20, 2011, the theft of copper from and damage to approximately 40 electric outlet boxes and 3 large electric panel boxes used in connection with the Winter Wonderland of Lights was discovered and reported to the police. On July 26, 2011, a claim for the loss was filed with the Local Government Insurance Trust (LGIT).

Based on a quote from United Electric Supply, the replacement of the equipment will cost approximately \$5,721.35. LGIT has agreed to pay for the replacement with the understanding that the City bears responsibility for the \$1,000.00 deductible. By accepting a donation of \$1,000.00 from the Winter Wonderland of Lights Committee for the deductible and a payment up to \$4,721.35 from LGIT, the equipment can be replaced.

Attached is a Resolution for accepting the donation from the Winter Wonderland of Lights Committee and an Ordinance for the budget amendment adding up to \$5,721.35 into the Public Works - Traffic Control account.

Unless you or the Mayor has further questions, please forward a copy of this memo to the City Council.
