SUBJECT: Ordinance – Budget Amendment

The members of the Salisbury Police Department are required to complete firearms training and officer recertification yearly. The ammunition utilized during the training has brass casings which are collected and stored. When the storage bins are full the officers transport the brass casings to Delmarva Recycling Inc., and they pay us the fair market value for the brass.

The monies collected for the brass casings is forwarded to the City and deposited in the General Fund. I am requesting a Budget Amendment to recognize that that revenue has been received by the City and to increase the Police Department budget in the same amount to purchase service weapons for new officers.

Unless you or the Mayor have further questions, please forward this Ordinance to the City Council.
