FROM: Colonel David Meienschein
SUBJECT: Ordinance – Budget Amendment

The members of the Salisbury Police Department are required to enter into a 5 year contract prior to being hired as a police officer. When officer's leave service on their own accord they are required to reimburse the City of Salisbury a prorated amount based of the time remaining on their contract. The purpose is for the city to recoup some of the police academy training and tailored uniform cost for items that cannot be reissued.

In a recent case the police department received reimbursement for a broken contract in the amount of \$10,000.00. The police department requests that these funds be deposited into our Police Services, training account that will be used to send police recruits to initial training at the Police Academy. I am requesting a Budget Amendment to recognize that this revenue has been received by the City and to increase the Police Department budget in the same amount to offset training costs.

Unless you or the Mayor have further any questions, please forward this Ordinance to the City Council.
