**Subject:** Resolution Item (Fire Prevention Grants)

The three (3) Salisbury Fire Department Corporations have solicited applications to receive funding from the Maryland State Firemen's Association to further our efforts to promote fire safety thru education and prevention in our schools and communities.

These grants have a maximum payout of \$500.00 for each Salisbury station and do not require any matching funds on behalf of the department or City of Salisbury. These stipends are designed to secure the needed materials and hand-outs used to promote a better understanding regarding the dangers of fire and catastrophic events.

SFD would like to move forward with securing the needed supplies and requests that the enclosed resolution be considered and approved for acceptance. The anticipated payment award will provide a total of \$1500.00 and will be paid directly to the material vendor selected to provide the necessary items.

Thank you in advance for your time and attention regarding this request.
