Dear Mayor Ireton:

Thank you for assisting me in the appointment process to the Salisbury Historic District Commission. Since meeting with Mayor Ireton about the various areas of the community to potentially become involved in, I think this would be a great fit. (I have also joined the Salisbury Chamber of Commerce.) I believe that preserving the historic integrity of our community is an important task, and it would be an honor to be a part of that process.

My family and I are new residents here in Salisbury, and will be moving into our new home at 401 Pennsylvania Avenue in just a few weeks. This will be the third historic home we have lived in since we were married 13 years ago. The first two were in Denver, Colorado and were built in 1896 and 1910. This home here in Salisbury was built in 1928, and seems to be well known to the Commission and to the area at large. I personally enjoy maintaining and working on these old houses, with an eye towards the preservation of historic features. Where would we be as a community if we did not make a sincere attempt to preserve our architectural heritage?

In addition to my love of historic homes, I also enjoy the vintage automobile hobby. I have restored and preserved around twenty vintage vehicles of various types over the years. (Currently I have a 1960 Triumph TR3A, a 1966 Mustang GT, and a 1970 Jaguar XKE. Bring on the warm weather!) I have also served as a judge at national events in the Antique Automobile Association of America on several occasions.

My career has been in the technology and insurance sectors, and my wife (Dr. Maida Finch) is a new professor at Salisbury University. I have been a small business owner, as well as the past President of the Greater Stapleton Business Development Association back in Colorado. My wife and I are originally from Hampton, Virginia, and we have two children- Oliver (9) and Vivian (7).

Hopefully this gives the Council a brief introduction to who I am, and why I am interested in becoming part of the Historic District Commission. Thank you again for your consideration.

Sincerely,

Bradley Phillips
