

City of Salisbury
Infrastructure & Development Department
Project Engineer

Full-time (35 hrs/week) Salary: \$48,000 Full range of benefits

Situated between the Chesapeake Bay and Atlantic Ocean is the capital of the Eastern Shore, Salisbury, Maryland. With a population of over 32,000, Salisbury has become home to a very diverse community of people. Whether it is for the vibrant economic opportunity, quality public education, world-class healthcare, reinvigorated environmental stewardship, or globally known corporations, people are coming to be a part of this ever changing town.

Salisbury is currently looking to hire a Project Engineer to add to our Infrastructure and Development Department team. As a Project Engineer, you will be enhancing the quality of life of our citizens by implementing infrastructure improvements and developments in the City. You will be responsible for managing infrastructure projects including ensuring compliance with scope, budget and schedule. You will also be responsible for reviewing development projects to meet City and State requirements.

Duties: Development plan review, engineering planning and design, management of infrastructure design projects, and construction project administration.

Requirements: Bachelor's Degree in Civil Engineering; E.I.T. in Maryland is preferred. Must be able to communicate clearly and concisely both orally and in writing. Plan review or design experience in municipal infrastructure and stormwater management is desirable.

Closing Date: Open until filled
