

**City of Salisbury  
Public Works  
Sr. Project Engineer**

Full-time - (35 hrs. wk.)      Salary: \$56,117 - \$60,743 DOQ      Full range of benefits

Situated between the Chesapeake Bay and Atlantic Ocean is the capital of the Eastern Shore, Salisbury, Maryland. With a population of approximately 32,000, Salisbury has become home to a very diverse community of people. Whether it is for the vibrant economic opportunity, quality public education, world-class healthcare, reinvigorated environmental stewardship, or globally known corporations people are coming from all over to be a part of this ever changing town.

Salisbury is currently looking to hire a Senior Project Engineer to add to our exceptional Public Works team. As a Public Works employee, you will be enhancing the quality of life of our citizens by striving to plan, construct, and maintain the City's public works infrastructure. As Senior Project Engineer, you will be responsible for engineering, planning, designing, reviewing plans and project management. You'll even have the exciting opportunity to manage some of the City's efforts to revitalize historic downtown with projects like the Main Street Master Plan construction and the Urban Greenway. There's a wide variety of other public works infrastructure projects for new construction and/or repair and rehabilitation that will also be under your management. You will also be responsible for reviewing development projects to meet City and State requirements.

**Requirements:** Bachelor's Degree in Civil Engineering. Registered Professional Engineer in Maryland, with five years of experience as a PE. Design experience or plan review for municipal infrastructure and storm water management projects is desirable.

**Closing Date:** Open until filled

**Send City application and resume to:** City of Salisbury HR Department  
125 N. Division St.  
Salisbury, MD 21801
