STANDARD NOTES: (if applicable)

Water and sewer capacity exists and will be reserved for this subdivision; subject to Municipal, State and Federal laws and regulations.

Private irrigation lines shall not be installed in City right-of-ways or easements without written approval of Salisbury Department of Infrastructure & Development.

Owner/Developer, and subsequent Owners, their successors and assigns, shall not modify the individual lot grading plans and/or the Improvements Construction Plan, as approved by the Salisbury Department of Infrastructure & Development, with construction, grading, or landscaping.

No construction of any structural improvements, plant trees, shrubs or place any landscaping other than grass in or on the easement area, including in the air rights over the easement hereby conveyed permitted, without the prior written consent of the City of Salisbury.

All non-City utilities, such as but not limited to, electric, telephone, gas and C.A.T.V. shall be installed outside the City of Salisbury Utility Easement unless written consent is obtained from the City of Salisbury

Submittal of an approved construction improvement plan is required after subdivision if improvements are to be made to this property.

(All subdivisions, major or minor, must have fully engineered stormwater management plans. The only exception is if the developer can prove that the total disturbed area from all lots will not exceed 5,000 square feet and the total impervious area will be less than 15% of the total subdivision area.) *(This note does not go on plans.)*
