

ADDENDUM 2

CONTRACT NO. RFP 16-17
Engineering and Construction Services for
Hampshire Road Pump Station

DATE ISSUED: August 4, 2017
RESPONSE DUE: August 14, 2017 at 2:30 P.M. (local time)

This addendum is intended to correct, change, add, delete, or supplement the drawings, special conditions, and/or specifications, and is hereby made part of the bidding documents on which the General Contract will be based. Acknowledge receipt of this addendum by signing below and returning no later than August 14, 2017.

1. In Addendum #1, item 3, the City indicates the successful vendor will be required to submit as-builts in the form of red-lines on plan sheets. In the scope of services, it requires the successful vendor to prepare as-builts in CAD format "based" on Contractor red-lines. We wish to confirm if the intent of Addendum #1 is to remove this requirement

Answer: No, the successful vendor of this contract will be responsible of obtaining the construction contractor red-lines on plan sheets and creating/compiling the As-builts in CAD format from the red-line information

2. In regards to the responsibilities in the scope of services for Construction Administration and Inspection, please confirm that the intent of the City is for an Engineer to perform the scope of services in Section 3, Article 3.A (Construction Admin), who is not acting simultaneously as the site inspector, who is tasked with completing the scope of services in Article 3.B (Inspection)

Answer: Yes, the City does not want to have one engineer acting as both the construction administrator and the inspector.

3. Please confirm if the City is looking for the proposal to include personnel rates other than the hourly inspection rates called for in the Form of Proposal

Answer: No further rates are needed.

4. On page 19 - Section IV B. for this RFP, the City is requesting (5) recent examples of completed projects similar in nature to this RFP. Can responding firms offer **MORE** than 5 examples without penalty?

Answer: Yes but five (5) is the minimum. Please keep examples relevant to the project taking into account section II.1 "Economy of Proposal" listed on page 8.
