

City of Salisbury
Infrastructure & Development Department
Construction Inspector – Stormwater

Full-time (35 hrs/week) Salary: \$38,107 Full range of benefits

Situated between the Chesapeake Bay and Atlantic Ocean is the capital of the Eastern Shore, Salisbury, Maryland. With a population of over 32,000, Salisbury has become home to a very diverse community of people. Whether it is for the vibrant economic opportunity, quality public education, world-class healthcare, reinvigorated environmental stewardship, or globally known corporations, people are coming to be a part of this ever changing town.

Salisbury is currently looking to hire a Stormwater Construction Inspector to add to our Infrastructure and Development Department team. As a Stormwater Construction Inspector, you will be enhancing the quality of life of our citizens by inspecting all stormwater facilities in the City, administering the City's Stormwater Pollution Prevention Plans and identifying Illicit Discharges into the storm drain system.

Duties: Conducts site inspections for new and existing projects including site work, stormwater management facilities, storm sewers and paving. Inspects all Stormwater facilities in the City including Best Management Practices. Administers the City's Stormwater Pollution Prevention Plans including performing training, inspections and sampling. Inspects the City's stormwater outfalls and identifies illicit discharges.

Requirements: High school diploma or GED. Five years of experience in stormwater or utility construction, knowledge of MDE stormwater inspection procedures and Maryland E&SC certification. Must be able to communicate clearly and concisely both orally and in writing.

Closing Date: Open until filled
