**To Whom It May Concern,**

I am writing this letter in hopes of obtaining a position on the Sustainability Advisory Committee or Green Team. I am currently working with the Nanticoke Watershed Alliance as the Education Coordinator where I come in contact with many Salisbury citizens who whom I am unable to work due to the nature of our grant funding. I am interested in going the Green Team to give back to the community in which I live and to help the city realize some of it's green initiatives. There are plenty of citizens who are passionate about creating a more sustainable community and I want to be a part of the team that is helping to make this a reality.

I would be a good candidate of the Sustainability Advisory Committee because I am passionate about creating sustainable communities and I am currently involved with environmental restoration and conservation efforts through my occupation. I live in the greater Salisbury area and enjoy the benefits of a city that is proactive in its care of the environment. As an employee for a non-profit that focuses on collaboration as opposed to advocacy, I will be able to provide the Committee with my expertise in working with a wide range of stakeholders that, more often than not, do not see eye to eye. I want help the Green Team implement green projects that are not just accepted by the community, but embraced. I believe that the connections I have made while living in Salisbury will help me provide a well-rounded perspective to the Green Team.

Thank you for considering me for this position. Creating a healthy community starts by creating a healthy environment for the citizens to use and cherish. Feel free to contact me at email [evan.deckers94@gmail.com](mailto:evan.deckers94@gmail.com), or call at 301-697-3873. Thank you again; I look forward to hearing from you.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Evan Deckers', written over a horizontal line.

**Evan Deckers**
