The Salisbury University Senior Sustainability Class taught by Dr. Surak have been working with the Department of Infrastructure and Development on their semester project. The students are working towards making Salisbury Tree City Certified. There are four (4) fundamental components of becoming a Tree City:

- Standard 1: A Tree Board or Department
- Standard 2: A Tree Care Ordinance
- Standard 3: A Community Forestry Program With an Annual Budget of at Least \$2 Per Capita
- Standard 4: An Arbor Day Observance and Proclamation

The students will present their efforts towards helping Salisbury achieve all four components. Unless you or the Mayor have further questions, please forward a copy of this memo to the City Council.

Re: Resolution – 218 West Main Street Capacity Fee Waiver

AP

Attached is a letter from Opportunity Street, LLC dated October 24, 2019 which requests consideration for a Capacity Fee waiver for the redevelopment of 218 West Main Street. 218 West Main Street is the Powell Building. It is proposed to be developed into a mixed use apartment complex. The building will have twenty (20) apartments and an interactive children's museum. The request is for a waiver of 22 EDUs. At the current Capacity Fee rate of \$3,533, the waiver request is \$77,726.00.

Per Ordinance No. 2258, the owner is seeking a Capacity Fee waiver as part of the Equivalent Dwelling Unit (EDU) Incentive Area. The original allocation of 300 EDUs was based on a transfer of EDUs from the former Linens of the Week property. To date, 191.64 EDUs of the original allocation of 300 EDUs have been used, therefore there are 108.36 EDUs available. If this request is approved, there will be 86.36 EDUs remaining.

As per Ordinance No. 2258, Infrastructure and Development has evaluated the eligibility of this project for the EDU Incentive Area. The project location is within the Central Business Zoning District and will consist of redevelopment that is not eligible for an affordable housing waiver. The project does or will comply with all other necessary criteria.

Attached is a Resolution for consideration to waive the Capacity Fees associated with the development of 218 West Main Street. After review of the request, Infrastructure and Development recommends approval. If this EDU waiver is approved, then it will be valid for two years from the date of the Resolution.

Unless you or the Mayor has further questions, please forward a copy of this memo, request letter and Resolution to the City Council.

EDU Waiver Request – 218 West Main Street, Salisbury MD 21801 (Powell Building)

Please consider this our formal written request for an EDU fee waiver for the above referenced, mixed-use redevelopment project.

The proposed project will create state-of-the-art residential living opportunities in Downtown Salisbury for Tenants with the offered (20) apartments. The planned use for the commercial space on the Plaza level will consist of an interactive museum for parents and kids to enjoy together. Kids will have the opportunity to explore, discover and play in uniquely designed settings to learn more about the transition to adulthood. With the new residential component as well as the commercial space becoming activated, we believe this project will increase not only the number of downtown residents but will add to the commercial foot traffic in Downtown Salisbury on a regular basis.

The proposed project meets the criteria as set forth in Ordinance 2258 by the City of Salisbury and is an eligible project within the EDU Incentive Area.

We estimate the total EDUs needed for the entire project to be Twenty-Two (22).

Thank you for your consideration.

Re: Introduction to the Zoning Rewrite process

AP

The Department of Infrastructure & Development is pleased to introduce the process of evaluating and rewriting the City's Zoning Code. The current zoning code was adopted in 1983. The City has recently contracted with JMT to perform a comprehensive review and to develop revisions to the City's Zoning Code, and Zoning Map. A goal of the revisions is to transition the zoning code from a focus on use to a focus on form. The first phase of the project was funded in FY20 and includes analysis and recommendations.

Unless you or the Mayor have further questions, please forward a copy of this memo and the presentation to the City Council.

Subject: Proposed Volunteer Coordinator Position
Date: October 21, 2019

The volunteer firefighter has been a long-standing tradition in the American Fire Service and in the City of Salisbury Fire Department. The need for an active volunteer membership is crucial to the overall success of a combination fire service. Unfortunately, for some time now our Department has experienced a decline in the number of people willing to join the ranks of our volunteer membership. The Department has witnessed a number of obstacles that affect our ability to recruit new volunteer members and even more alarming, we have seen a significant number of members leave the department for one reason or another. The graph below illustrates the recruitment and retention efforts since 2013.

While there is no single reason for the decline in volunteer recruitment, many contributing factors that exist are time restraints, changes in sociological conditions, loss of community feeling and pride, poor leadership, lack of coordination and failure of the Department to manage change. These facts, coupled with increasing call volume and training requirements, have also placed a severe strain on our Department's ability to retain members. According to the City of Salisbury Municipal Code Chapter 2.16 – *Fire Department*, Section 2.16.040 (C) *Volunteer fire companies and volunteer personnel – Active membership*, the Department is authorized to have up to one hundred

twenty (120) active fire-fighting members including probationary, life-active, honorary active and active members. Currently out of the 120 authorized positions, only 70 positions (58%) are filled. Department statistical data shows that even if we can recruit new members, we have the potential of losing them before they complete two (2) full years of membership. The graph below illustrates that our Department experiences a turnover rate of 67% within the first two (2) years.

Through the work of the Volunteer Corporations and the Fire Department's Administration, we are proposing the development of a full-time Volunteer Coordinator position. This position will be essential to the continued success of our Volunteer component and will assist in developing, leading and implementing a comprehensive program designed to attract and retain qualified volunteers for the Department. This will be accomplished by:

- Creating a Recruitment and Retention Strategic Plan that builds a consistent image for volunteering that is positive, engaging and supports recruitment
- Identifying potential sources of volunteers and implementing strategies to reach all communities
- Developing an onboarding process that is inclusive and aimed at improving our diversity
- Providing oversight of the volunteer contingent on a daily basis with emphasis placed on new members
- Monitoring volunteer participation by analyzing performance metrics

- Providing marketing ideas and activities aimed at targeted audiences that will raise the awareness about the Fire Department and attract non-traditional, qualified members.

The Volunteer Corporations are strongly committed to the creation and implementation of this newly created position. The cost of implementing a robust, successful recruitment and retention program is significant. Understanding the financial commitment, the Volunteer Corporations are proposing a partnership that builds on the long-standing cooperative team effort that already exists. The proposed funding for the salary and benefits of this proposed new position is as follows:

- Year one – The Volunteer Corporations will cover 100%
- Year two - The Volunteer Corporations will cover 75% and the City will cover 25%
- Year three - The Volunteer Corporations will cover 50% and the City will cover 50%
- Year four - The Volunteer Corporations will cover 25% and the City will cover 75%
- Year five and beyond – The City will assume full responsibility of funding

** At the end of year three, the City and the Volunteer Corporations will evaluate the true impact that the position has made on the recruitment and retention of volunteer members. If all parties agree that the program has been successful, funding will continue for the position. The Department will use a 10% annual increase in membership as a benchmark metric.

The goal of this position is to recruit and maintain a stable firefighting force that is diverse, improves community protection from fire-related hazards, medical emergencies and consistently meets the requirements of National Fire Protection Association (NFPA) 1720. The job description has been reviewed and analyzed by the Human Resource's Department with a recommended pay grade established at Grade 9.

Subject: Budget Amendment
Date: November 13, 2019

During the FY20 Capital Improvement Plan and Budget process, the Fire Department submitted a request to replace our existing ninety (90) sets of Self-contained Breathing Apparatus (SCBA). This request was made because the Fire Department's current SCBA has reached its end of serviceable life in accordance with the National Fire Protection Association (NFPA) 1981 *Standard on Open-Circuit Self-Contained Breathing Apparatus (SCBA) for Emergency Services* and the Occupational Safety and Health Administration (OSHA) 42 CFR 84 *Respiratory Protective Devices*.

In addition to including this request in our budget, the Department attempted to secure funding through the 2018 Assistance to Firefighters Grant (AFG) Program to cover the replacement cost. Regrettably, we have received official notification that our application was not selected to receive any award funds. As you are aware, the AFG Program is among the Department of Homeland Security's (DHS) and FEMA's most competitive grant programs. In fact, FEMA received 8,439 AFG applications, requesting more than \$1.8 billion in federal assistance.

Please find attached a Budget Amendment Ordinance requesting the necessary funds to replace the Department's existing SCBA. Unless you or the Mayor have further questions, please forward a copy of this memo and ordinance to the City Council for their consideration.

Subject: Budget Amendment Request - Vehicles
Date: November 14, 2019

The Salisbury Fire Department respectfully requests approval of a budget amendment in the amount of \$75,000.00 to the FY2020 Fire Department budget, Vehicles' account 24035-534308 to cover the current and expected costs for repairs to FD apparatus for the remainder of FY2020.

As a Department, we strive to keep a well maintained and in-service fleet. Over the course of several years, the Department has experienced a significant shortfall of funds in our vehicle account. An evaluation of the vehicle repairs account expenditures over the last six (6) years indicates that the average yearly expense to repair our fleet has been \$168,262.34. The chart below illustrates what the adopted budget has been and the amount that is transferred into the vehicle account each year.

Year	Adopted Budget	Transfer	Revised Budget
2015	\$ 120,000.00	\$ 57,689.05	\$ 177,689.05
2016	\$ 100,000.00	\$ 99,832.67	\$ 199,832.67
2017	\$ 141,000.00	\$ 47,972.29	\$ 188,972.29
2018	\$ 141,000.00	\$ 15,000.00	\$ 156,000.00
2019	\$ 130,540.00	\$ 31,000.00	\$ 161,540.00
2020	\$ 125,540.00		\$ 125,540.00

As our fleet continues to age, the Department has experienced a substantial amount of unanticipated repairs to our fleet. During the first four (4) months of FY20, the Department has spent over 95% of the allocated funds established for vehicle repairs. The following is a list of unanticipated expenses so far this year that represent 65% of the total authorized budget:

- Truck 2 \$31, 631.76
 - Truck 1 \$18,762.22
 - Engine 1 \$6,186.71
 - Ambulance B2 \$6,665.31
 - Ambulance B16 \$11,014.43
 - Brush 16 \$4003.33

Jacob R. Day, Mayor

MEMORANDUM

It is very unfortunate that we have to make this budget amendment request to you at such an early stage in the fiscal year, but circumstances have made it necessary to do so. The unanticipated expenses for these repairs were impossible to foresee. Without the transfer of these funds, the Department will be forced to defer any future repairs and place major Fire/EMS units out of service (dependent on the severity of the repair need).

The requested funds from this budget amendment will be used to replenish the Fire Department's vehicles account and be used for future FY2020 vehicle repair needs.

Thank you in advance for your time and consideration on this request. Unless you or the Mayor have further questions, please forward a copy of this memo and ordinance to the City Council for their consideration.
