Re: Budget Amendment – Maryland WQFA Mt. Hermon Road Sewer Extension

The Department of Infrastructure & Development is requesting consideration for a budget amendment to accept financing from the Maryland Water Quality Financing Administration (MWQFA) for the Mt. Hermon Road Sewer Extension project. The project includes extending sewer to two residential properties in the City that are currently served with septic systems.

Per Ordinance No. 2497 which was passed on August 13, 2018, the City is authorized to finance up to \$120,000 for this project through the MWQFA. Since that authorization, the project has been designed and bid. At the February 24, 2020 City Council meeting, the construction contract was awarded to Chesapeake Turf in the amount of \$186,106.00. A portion of the contract was funded directly by the City.

The Maryland Department of the Environment approved the Procurement package on February 26, 2020. The final approval needed from the State is from the Board of Public Works. The meeting date where this item will be reviewed is scheduled for May 6, 2020.

The budget amendment is requested to allocated funds to the appropriate project account (55021). The budget amendment is needed prior to granting authorization for construction to proceed. Once the construction is underway, the Department of Infrastructure and Development will file for reimbursements from the MWQFA after the contractor is paid for work completed. This is typical for funding through MWQFA.

Unless you or the Mayor have further questions, please forward a copy of this memo and the ordinance to the City Council.

Within any applicable limitations of Maryland or federal law, the City may apply to the payment of the principal of or interest on any series of the Obligations any funds received by it from the State of Maryland or the United States of America, or any governmental agency or instrumentality, or from any other source, if the funds are granted or paid to the City for the purpose of assisting the

Re: Ordinances – MWQFA loans for Mt. Hermon Road Sewer Extension and City Service Center ESD

The City of Salisbury has been awarded two (2) Maryland Department of the Environment (MDE) Maryland Water Quality Financing Administration (MWQFA) loans. The two projects are the Sewer Extension on Mt. Hermon Road and the City Service Center Comprehensive Environmental Site Design. The Sewer Extension on Mt. Hermon Road will extend sewer to two parcels in the City Limits that are currently on septic systems. The City Service Center ESD project will provide construction funding for stormwater improvements and Best Management Practices that were designed with a grant from the Chesapeake Bay Regulatory and Accountability Program.

Two separate ordinances are attached, one for each project. The details of the MWQFA loans and the City's bonds will be determined by resolution of the Council; the ordinance is a "parameters" ordinance in that it authorizes a "not-to-exceed" amount to be borrowed and provides general authority for the borrowing, with all the details to be fixed by resolution.

The Ordinances authorize the issuance of general obligation bonds in an original aggregate principal amount not to exceed \$120,000 for the Sewer Extension – Mt. Hermon Road project and \$500,000 for the City Service Center Comprehensive Environmental Site Design project.

Unless you or the Mayor has further questions, please forward this to City Council.
