106	Field Ops. Market rate adjustments, Career Ladder updates, 5 steps added to end of
107	pay scale, no change in health care rates.
108	 President Heath remarked on the increase in Workers Comp and asked if the
109	Frequency Modification Factor increased from previous years. Mr. Cordrey said that
110	Workers Comp rates increased. It was a combination of discount and mod based on
111	experiences. The City would not get quoted until after the budget was produced.

112	 The WS Fund Debt Service will spike in FY26 to \$7 million from \$5 million due to

115	increase over 3-year period (FY26-FY28) will be \$5 million.
116	<u>Takeaways</u>
117	<u>Strengths</u>
118	 The City's financial position was <u>strong</u> based on the data of the FY20 Audit.
119	The General Fund's unassigned Fund Balance was <u>adequate.</u> Many WS projects
120	were recently completed or funded, and few deferred which would have resulted in
121	infrastructure liabilities.
122	Weaknesses
123	 The inability to fund many of the improvements for FY22 in the recent CIP. Should
124	CIP pile up, they are the equivalent of unfunded liabilities.
124	
	medical costs would intervise of oro per year. I real classe pay plain represents poor
126	increase per year in General Fund.
127	 County's contributions for fire service do not represent their true share. A new
128	framework was essential.
129	 Salisbury's citizens deserve Tax Differential as recommended by past studies.
130	 The Parking Fund Unrestricted Net Position was a deficit.
131	
132	Personnel Committee Presentations
133	Salisbury Police Department (SPD)
134	Cpl. Nicholas Amendolagine represented the SPD Personnel Committee and discussed the
135	following:
136	 Take home vehicle program was important as a big morale booster and kept SPD
130	
	competitive with other area agencies.
138	The department needed to keep salaries competitive.
139	He emailed Council three proposals to increase salaries (attached and included as part of
140	the minutes) which were also emailed to City Administrator Julia Glanz
141	 To remain competitive, Salisbury must work to keep salaries up
142	 Suggested towed vehicles be towed to a City-owned lot rather than to a tow company.
143	This would increase revenue to the City through storage fees. Cambridge and Ocean City
144	were examples of municipalities which hold towed vehicles on City-owned lots.
145	
-	

146	Ms. Glanz shared that the City had looked at creating a tow storage lot and were keeping an eye
147	out for the right property. Over the past six years the City has changed the department's pay
148	scale, beefed up the take home program, and created Special Units.
149	
150	Mr. Boda thanked Cpl. Amendolagine for his dedication.
151	
152	Ms. Jackson asked how many officers were with the Department. Cpl. Amendolagine was unsure
153	but one recently failed the Police Academy and there was rumor of another one leaving. She
154	asked how many more officers were needed to bring the SPD to where it should be. He thought
155	the funding supported the appropriate number of officers, but the challenge was to keep them.
156	The department needed funds to hold onto officers.
157	
158	Ms. Blake asked what kept him with SPD for ten years and Cpl. Amendolagine replied that he
159	always had pride in the agency and had a goal for SPD to be the top agency on the Shore again.
160	
161	President Heath said that Council would take a closer look at the proposals. The SPD was a great
162	group, thanked them for the work they did, and asked them to stay safe.
163	
164	Salisbury Fire Department (SFD)
165	Firefighter (FF)/EMT DJ Hoster represented the SFD Personnel Committee. He thanked
166	Administration for putting together the budget because it looked very positive for the SFD. The
167	funding of the Ladder Truck was very important and a positive step.
168	
169	Requests on behalf of the SFD included:
170	• Overtime (receiving time + a half for personnel). SFD had many people out due to COVID
171	and many had to work overtime to fill in for them.
172	• Placing the Senior FF position in the budget to ensure continued growth, but knew it
173	came at a huge increase to the City.
174	
175	Ms. Gregory thanked FF/EMT Hoster for everything they did for the citizens.
176	
177	Ms. Blake asked if there was a formula for time and a half pay and if any prior Council had
178	addressed it. President Heath said it had and it was expensive. One way to afford it would be
179	through tax rate increases, and it was a great idea but the question was how to fund it.
180	
181	Ms. Jackson appreciated them for saving lives and putting their own in danger.
182	
183	Mr. Boda thought another discussion on overtime pay should be scheduled.
184	
185	President Heath asked him to give everyone the Council's best and to keep up the good work.
186	
187	Salisbury Fire Department Volunteers (SFDV)
188	Deputy Chief Lee Smith discussed the SFDV requests and noted they had rejoined the Wicomico
189	County Volunteer Fireman's Association. Acting Executive John Psota included Salisbury in the
190	proposed budget. If they received funding from Wicomico County they would be able to do
191	more things. The Recruitment Retention Coordinator was doing an excellent job.
192	
193	Requests on behalf of the SFDV included:
194	• Even if the SFDV received the County budget funds, they wanted to still receive \$40,000
195	as a minimum from the City of Salisbury.

196	• Requested for the City to pay for the internet for all three locations, which was currently
197	\$6,000 for Stations 1, 2, and 16.
198	
199	Government Office Building (GOB)
200	Media & Events Specialist Becca Brown represented the GOB Personnel Committee. Ms. Brown
201	said there were no new requests, and that everyone was thankful especially this year for all of
202	the accommodations due to COVID and appreciative of the step increases.
203	
204	DID Project Engineer Heather Lankford expressed appreciation from the department for
205	Council allowing employees to make accommodations to work during the time of COVID.
206	Requests included:
207	• Vehicle upgrades- there was a long list of vehicles that were between 5 and 30 years old.
208	Several were in severe need and were used daily for inspections.
209	 New Plotter- to purchase a maintenance plan for the current one required a large
210	amount of work to get all of the information together.
211	Two licenses for Adobe Business Pro.
212	 Hydrocad System for projects and used for stormwater and ESD
213	Co-pay assistance for the mental health spikes that COVID has created. Some may either
214	have not utilized the assistance available or have run out of free assistance.
215	
216	Ms. Jackson asked the age of the plotter and Ms. Lankford said it was between 5 and 10 years.
217	She explained how the maintenance plan would work and doubted it would be beneficial due
218	to its age. President Heath recalled a discussion regarding outsourcing plotting and requested
219	data regarding costs per size. Ms. Lankford had a couple thousand-page reports that needed
220	plotting that went with plans and sometimes four to five sets came in when being reviewed.
221	
222	HCDD Code Enforcement Officer Cory Stout thanked Council for hearing HCDD's requests. The
223	list included items to benefit everyone working for the City and not just HCDD. Requests
224	included:
225	Increase Personal Days
226	 Increase Annual Time or Longevity Bonus after 25 and 30 years. Annual time did not
227	currently increase after 20 years.
228	Free cleanings at the dentist.
229	 Recognition days for unused sick leave
230	Internal child care program
231	
232	Ms. Gregory thanked HCDD for all they did and said she would love to see the City with child
233	care.
234	·····
235	Ms. Jackson asked about additional training and how well the department was staffed. Mr.
236	Stout said the funding for training was budgeted. When someone from Admin, Homelessness
237	Services, or Community Relations were out, others had to step in to provide relief. When the
238	Code Enforcement Officers were out they did not typically need help with the load.
239	Ma Dada than had LICOD for the increase to call and with the increase of the base of the second second
240	Ms. Boda thanked HCDD for their great work and said their requests would be considered.
241	Mc. Clanz said that Administration added an additional Montal Uselth Doute the sales day
242	Ms. Glanz said that Administration added an additional Mental Health Day to the calendar.
243 244	Council recessed at 9:48 a.m. and reconvened at 10:00 a.m.
244	

245	Field Operations (FOps)
246	FOps Street Sign & Pavement Marking Technician Peter Torigoe reported on the requests from
247	FOps and Water Works Personnel Committee. The two main concerns were pay raises and
248	health insurance increases.
249	
250	Traffic requests:
251	 Repairs to or replacement of the 50' Christmas Tree. The frame was rusting and it
252	was losing greenery every time it was put up.
253	• Replacement of Dodge pickup truck used mostly by the Supervisor (ignition issues).
254	
255	Ms. Glanz informed Mr. Torigoe that the 2% step increases were budgeted and the health
256	insurance would not increase.
257	
258	Sanitation requests:
259	 Replacement of small pickup truck used to pick up or deliver recycling bins and
260	damaged trash bins.
261	 Replacement of RC3 Recycling Truck which requires more and more
262	maintenance. Dedicated only to recycling.
263	 Smaller rear loading garbage truck to pick up on some of the narrower streets.
264	
265	Mr. Boda recalled the request last year for the smaller garbage truck. Mr. Torigoe said the
266	Christmas tree was stored safely in a semi-trailer but lost more and more greenery each year.
267	
268	President Heath thanked Mr. Torigoe for the work done by all the departments and would take
269	the requests into consideration.

- New IT Computer Tech position will work on-site at SPD and funded through IS

Ms. Blake asked if the IT support person would be funded through the SPD. Chief Duncan said they would be funded through IS but work out of the SPD. The new person would manage each printer, body camera, in-car video and computers, license plate readers, etc.

302 President Heath asked if dispatchers' salaries and overtime increased due to NIBRS requirements. 303 Chief Duncan said they experienced a lot of overtime with guarantines and people being out due 304 to COVID. Mr. Kitzrow said over the past couple of years they trended down with the budget not 305 being where it actually was, but this year overtime was accurately funded. President Heath asked 306 for the reason for the 16% increase in Equipment (534302) amounting to \$27,000. Chief Duncan 307 said the account was for maintenance contracts for all of the dispatch equipment. Colonel 308 Meienschein said the account would fluctuate from year to year as many of the contracts were for 309 three years. Depending on when some of the contracts were due, the amounts would change.

311 President Heath asked about the increase in Overtime Clerical (501020) in Police Communications. Chief Duncan said it was due to COVID, NIBRS, and the account being underfunded in the past. He 312 313 asked about the reaction to the retention incentives. Chief Duncan said they were well received 314 and appreciated. She thanked Council for working with the SPD to secure the funding.

- 316 Ms. Glanz reported an additional \$10,000 was allocated for mental health for SPD.
 - President Heath thanked Chief Duncan, Colonel Meienschein, and all of SPD for their dedication.
- 320 Mayor's Office

321 Deputy City Administrator Andy Kitzrow presented the Mayor's Office budget. Funds were 322 reallocated internally to keep the budget flat. They would continue seeking a higher-level position 323 to replace Ms. English. The Mayor's Office had an Executive Administrative Office Manager (Ms. 324 Haag's position). They wanted to fill the vacant position with a complementary Executive Administrative Assistant. The Executive Team would be slightly different from the other offices. 325 326 The only increase was \$480 for a cell phone for the Media Specialist who worked remotely and 327 had been using her personal device for posting.

329 President Heath said an issue for certain positions was the career ladder. Incorporations gave 330 much more opportunities for growth. While taking Ms. English was good for the Council, it was not 331 good for the Mayor's Office. It was difficult when the City ran as lean as it did.

333 Ms. Gregory asked why Workers Comp was up so much. Mr. Kitzrow said the rate change 334 impacted the budget in every department. Mr. Cordrey said the provider gave a preliminary rate 335 sheet to budget from. It was not just the Workers Comp rate, but a step increase or new position. 336 Whenever the personnel increased, Workers Comp would also increase with salary increases.

- 338 Ms. Glanz said that Mr. Kitzrow had worked with Mr. Cordrey and Ms. Loyd (Human Resources 339 Director) to ensure that every non-supervisory position had a Career Ladder.
- 341 Salisbury Fire Department (SFD)
- 342 Fire Chief John Tull and Deputy Chief James Gladwell joined the Council to discuss the Fire Department Budget. Chief Tull said the SFD goals were to continue with the twelve individuals 343 344 associated with the SAFER Grant (which would run out in February 2022) and to secure funding for

- the new Ladder Truck for Station 2. City Administration agreed with the two priorities and havefunded them both in the FY22 Budget.
- 347 348 Chief Tull discussed essential items requested which including an increase in the Building Account for internet service for all three stations. The Volunteers have always paid it, but with funding 349 350 being cut and the uncertainty of being included in the County budget, they requested the City to 351 pay for it. Council asked Mr. Cordrey to add the request to the list to revisit. The other item was an 352 additional position for Deputy Fire Marshal. The division was created several years ago and has 353 grown tremendously. The workload has surpassed the ability of the Fire Marshal and Inspector to 354 get out and do additional inspections. The additional position would help with the workload and 355 help plan for successive planning. With both salary and benefits, the position would cost \$93,000 356 to fund at a Fire Lieutenant pay grade. He also said that in the future, Council may have to discuss the funding for SWIFT if the grants funding was discontinued. 357
- President Heath asked when the City took over the Fire Inspections from the County, and Chief
 Tull answered it was FY19. He asked if the workload was anticipated, and Chief Tull said it was
 anticipated, but was increasing every year.
- Mr. Boda thought that it was a significant workload that was increasing, and would support the request. The item was added to the revisit list.
- President Heath asked that Council's best wishes and appreciation were extended to all the
 women and men who placed their lives on hold each day to protect the citizens.
- 369 Council recessed at 11:09 a.m. and reconvened at 11:20 a.m.

Business Development Director Laura Soper joined Council to discuss the budget. She reported the
budget was the same as last year with the exception of a reduction in rent. Finance would assume
Ms. Stam's office expense as Ms. O'Hare was joining the Administrative Offices and Ms. Stam was
moving into her office.

- 377Mr. Boda thought the \$12,000 Maintenance Account was high. Ms. Soper explained it was for the378maintenance of the Downtown Trolleys.
- President Heath asked about the \$15,000 for Consulting Fees. Ms. Soper thought it was originally
 budgeted for the Port Feasibility but was transitioned to the Downtown Fiber Grant the City
 administers. Mr. Kitzrow said that when the budget files were put together, it just hadn't moved
 yet. That would be one of the adjustments they would be making for the Grant program rather
 than the Consulting line item.
- 385386 Procurement Department
- Procurement Director Jennifer Miller reviewed the budget. She said it was flat except for two
 computers needing replacement according to the IS Replacement Schedule. There was one
 essential item for additional energy management program support at \$5,000 from the Energy
 Consultant that could be used for a Five-Year Energy Management Plan or put out an RFP for
 Virtual Net Metering to look at having a renewable energy source for the City's electricity needs.
- President Heath asked about the increase in Clerical, and Ms. Miller replied that the Senior Buyerhad a Career Ladder move.

- 395396 Council thanked Ms. Miller and the team for their work.
- 398 <u>Government Office Building (GOB)</u>

Ms. Miller said it was a collaborative effort with the County to ensure the building was well taken care of. The County Department of General Services led the charge since they had a department devoted specifically to maintenance. The work was coordinated through the Department of General Services. She explained the expenses and how they were divided up. 534301- Buildings was higher due to increases in Water & Sewer and cleaning. 534302- Equipment had an increase due to a calculation mistake last year. 546006- Security Guard Personnel was increased to accommodate increased salaries.

- Two CIP items for the building include the air handler replacement and \$10, 000 for GOB security improvements.
- 410 Human Resources (HR)

HR Director Jeanne Loyd reported the step increase was the reason for the Salaries increase and
retirement was increased. The next large increase was in Advertising. In order to pay for one
would be \$399 and if ads needed to be placed in the Guide and Independent the funds would be
there. There were three staff members, and if either one would leave it would place major stress
on the other two. She had requested another individual to the department, and it did not make it
through the Mayor's level.

- 418 President Heath said he wanted to place the \$10,500 for advertising on the revisit list since if the
 419 advertising funds were needed they could approve a budget amendment.

SWED Executive Director Dave Ryan and President Tony Nichols joined Council to discuss the
budget request of \$50,000. They were opening up new COVID Relief Grant Funds for restaurants,
non-profits, hotels, and those wishing to go to an online platform. They have deployed \$12.8
million to 1,200 businesses in the past year most of which were located in Salisbury. The grants
would be done in a user-friendly, accountable way to get the funds out to the businesses quickly.

- Mr. Boda said that in times of crisis it was great to have the leadership of Mr. Ryan in helping the
 businesses. Mr. Ryan asked everyone to go to the website and check out what was being offered.
 President Heath thanked Mr. Ryan and Mr. Nichols for all they did for the community.
- 431 432 Internal Services (IS)

IS Director Bill Garrett joined Council to discuss the budget. They were implementing in MUNIS the
workorder system for work orders or repairs such as potholes to be done out in the field. The total
for each tablet was \$630, plus \$40/month for the air cards.

436 437 Mr. Garrett explained they were reorganizing the department to focus on security. With the 438 increase in cyber-attacks he realized the City was vulnerable due to more people coming into the 439 system from outside due to more working from home. His department was doubling down on 440 security since many departments would continue to allow their staff to work from home either on 441 a limited or somewhat permanent basis. Due to some of the savings realized through the 442 unexpected teleworking from home during the pandemic, they were able to purchase cyber 443 security devices and firewalls. The reorganization would allow the department to hire a full-time 444 public safety technician based at the Police Department working on their entry level technological

- issues. The SPD accounted for 60% of the IT tickets for the City, and 36% of the time going to the
 Police Department. He discussed the change of duties for the IS personnel involved in the
 reorganization. The main goal was the security and to give the SPD an on-site tech.
- 449 Ms. Blake asked what type of tickets were received from the SPD. Mr. Garrett explained they were 450 things such as technology in vehicles breaking down, cameras stopping recording or reporting 451 their wireless feed, password changes, people being locked out of their computers, printers not 452 working, keyboards mouses not working properly, etc. She asked if Field Ops put the tablets in 453 their line item. Mr. Garrett said they did not. She asked what the priority would be-tablets, jet 454 packs, internet cards. Mr. Kitzrow said that there would be recurring costs- whenever one was 455 bought there had to be recurring costs to have internet out in the field. He did not know how 456 those costs could be reduced.
- 457 458 459

Mr. Boda asked if Mr. Garrett thought about training people on basic troubleshooting problems.

- President Heath asked about the Salaries-Clerical. Mr. Garrett said that account was the new Tech
 position and the slight difference in salary between Mr. Wood's old position and new position.
 President Heath thought that clerical did not describe the technician's job. Mr. Kitzrow said there
 were only two categories- clerical and non-clerical. Mr. Cordrey said the categories were used by
 Workers Comp and supported the audit of the Workers Comp activity.
- Mr. Garrett explained the 534301- Building account was reduced significantly due to two men in
 the office working periodically. 546001- Office was only half used as they were not in the office
 doing printing or the things they did before COVID. Travel and training (555503 and 555504 were
 nixed by 85% each due to not traveling or training due to the pandemic. Many of the training were
 free. Gasoline costs were reduced due to limited driving.
- 471 472 Presid

President Heath thanked Mr. Garrett for the good work and keeping the City safe.

- 474 <u>Finance Department</u>
- 475 Mr. Cordrey explained that prior to the County giving the tax billings back to the City, there was a 476 person billing personal Property taxes, licensing and permits. When the tax billing came along the 477 only thing added was a cashier. Staff was pushed beyond what was reasonable and the City hired 478 someone to perform tax billing. The proposed new position, a Revenue Supervisor, would 479 supervise the two cashiers and two revenue clerks. There were Career Ladders for the cashiers 480 and clerks starting at a higher level to address the minimum wage. There was a reclass of the 481 Utility Billing Supervisor and Sr. Tax Revenue Specialist to a Grade 8 as a market adjustment to get 482 them to where they actually should be.
- 483

484 Council Discussion

- 485 President Heath thanked Mr. Cordrey and his staff for the preparation. It became easier to

FY22 Water Sewer Rates

The W S Fund Debt Service spikes in FY26 to \$7M from approximately \$5M. This is due to overlap of the original funding for the WWTP and the new loan for the required updates. The increase over the 3 year period (FY26-Fy28) is \$5M.

We plan to cover this increase by increasing rates 6% starting in FY22. This will allow us to absorb the increase over 7 years (\$5M/7 yrs = 715k).

Takeaways...Strengths

Financial Position

Presently the City enjoys a strong Financial Position. This status is based on the financial data as of the FY20 Audit.

Unassigned Fund Balance

The General Fund's Unassigned Fund Balance is adequate which is important considering the many possible influences of COVID-19.

• Water / Sewer Project Status

Many Water and Sewer Projects have either been recently completed or funded. Few have been deferred which if so would have resulted in infrastructure liabilities.

Takeaways... Weaknesses

General Fund CIP

The inability to fund many of the improvements mapped for FY22 in our recent Capital Improvement plan could be seen as small crack in our financial framework. Tt has been getting harder to fit CIP into the General Fund budgets. Should CIP pile up they are the equivalent of unfunded liabilities.

General Fund Revenues

We can count on rising expenses. Medical cost are expected by many to rise 6-8% per year. The predictable pay plan along represents a \$500k+ increase per year in the General Fund. Finding revenues to match these rising cost is expected to become increasingly difficult.

Fire Services

The county's contributions for fire services do not represent their true share. A new framework, to recover the true cost of fire services, is essential.

• Tax Differential

The citizen's of Salisbury deserve Tax Differential as recommended by past studies.

• Parking Fund

The Parking Fund Unrestricted Net Position is a deficit. This requires a new path to be mapped.

Re:	Resolution – The Ross/First Move Comprehensive Connection Charges Waiver	

Attached is a letter from First Move Properties, LLC dated May 29, 2021 which requests consideration for a waiver of Comprehensive Connection Charges for the redevelopment of 130, 132 and 144 East Main Street, which is known as The Ross. The total request is for a waiver of 104 EDUs. At the current Comprehensive Connection Charges rate of \$3,710, the waiver request is equivalent to \$385,840.00.

The properties were previously granted Capacity Fee waivers via Resolution Nos. 2883, 2924 and 2988, which totaled 91.84 EDUs. Two of those resolutions have expired. Additionally, the EDU Incentive Area program was replaced and modified via Ordinance No. 2611. This requests will void the previous approvals and will fall under the criteria established via Ordinance No. 2611.

Infrastructure and Development has evaluated the eligibility of this project for the waiver program. The project location is within the Central Business Zoning District and will consist of redevelopment that is not eligible for an affordable housing waiver. The project does or will comply with all other necessary criteria and will provide public benefits.

Attached is a Resolution for consideration to waive the Comprehensive Connection Charges associated with the development of 130, 132 and 144 East Main Street. After review of the request, Infrastructure and Development recommends approval. If this waiver is approved, then it will be valid for two years from the date of the Resolution.

Unless you or the Mayor has further questions, please forward a copy of this memo, request letter and Resolution to the City Council.

Re: First Move Properties, LLC's Request for Capacity Fee Waiver; Redevelopment of 130 E. Main Street, Salisbury, Maryland 21801 (Map 0107, Grid 0015, Parcel 0855) 132 E. Main Street, Salisbury, Maryland 21801 (Map 0107, Grid 0015, Parcel 0856) and 144 E. Main Street, Salisbury, Maryland 21801 (Map 0107, Grid 0015, Parcel 858 and 878) (Referred to collectively as the "Project")

Dear Ms. Pollack:

On behalf of First Move Properties, LLC ("First Move"), please accept this letter as First Move's formal request to the City of Salisbury for waiver of **103.16 Equivalent Dwelling Units ("EDU's**") associated with the Project's redevelopment.

On March 11, 2019, the City Council approved Resolution No. 2924, authorizing the Capacity Fee of the City's Comprehensive Connection Charge to be waived for First Move's 130 and 132 E. Main Street redevelopment. Specifically, Resolution No. 2924 approved the waiver of 58.22 EDU's for First Move's redevelopment of 130 and 132 E. Main Street. Additionally, on January 13, 2020, the City Council approved Resolution No. 2988, authorizing the Capacity Fee of the City's Comprehensive Connection Charge to be waived for First Move's 144 E. Main Street redevelopment. Specifically, Resolution No. 2988 approved the waiver of 35 EDU's for First Move's 144 E Main Street redevelopment.

Over the past year, First Move delayed construction on the Project because of the Coronavirus Pandemic. At this time, First Move has made plans to start construction in the fall of 2021 and requests the City of Salisbury waive the capacity fees related to the redevelopment of the Project, pursuant to Ordinance No. 2611.

First Move estimates a total of 103.16 EDUs are needed for the Project. First Move is eligible for a waiver of the Capacity Fees because the Project is located within the incentive area and the Project complies with Ordinance No. 2611, Section 13.04.120, Letter A, Number 6 for the following reasons:

- 1) **Public street-scaping element:** The Project will become the tallest building in the City of Salisbury and will provide a new landmark in the heart of Downtown Salisbury. (Rendering attached)
- 2) **Public Amenity:** The Project includes a public courtyard between the two buildings where the old Chamber of Commerce parking lot was located. The courtyard will be complete with gardens and outdoor seating for everyone to enjoy (Rendering attached).
- **3)** Sustainable Green Building Practices: The Project utilizes sustainable building practices.
 - **a.** Materials from the three existing buildings were recycled during the demo process.
 - **b.** Energy-efficient LED lighting, HVAC equipment, and windows will be utilized throughout the property.

Therefore, in accordance with the provisions of Section 13.04.110 of the City Code, First Move respectfully requests the City waive the Capacity Fees of \$364,464.28 assessed for all 103.16 EDUs needed for First Move's development of the Project.

If City staff has any questions or needs additional information regarding the matters addressed in this correspondence, please do not hesitate to contact me. On behalf of First Move, thank you for your time and consideration of this request.

Sincerely,

Nicholas Simpson, First Move Properties, LLC

Re:	Resolution – The Ross/First Move Properties Agreement for soils	

Attached is Resolution No. 2989 which authorized the Mayor to enter into an agreement with First Move Properties, LLC to use excess soil at the WWTP for redevelopment of 130, 132 and 144 East Main Street. The dates in the agreement have expired, therefore attached is a revised agreement for consideration. The agreement defines the terms for which the City will provide excess soil to be used at the proposed development. A soil stockpile was created during the construction at the Wastewater Treatment Plant. The soil is not needed at the WWTP, although it can be used by any City Department. The soil would provide benefit to developers. Since the City seeks to encourage development and redevelopment in the Central Business District, we recommended providing excess fill to First Move Properties, LLC per the terms of the agreement. Any remaining soil could be offered to other developers and projects on a first come, first serve basis, as appropriate.

Unless you or the Mayor has further questions, please forward a copy of this memo, Resolution and Agreement to the City Council.

Re:	Resolution – The Ross/First Move Properties HORIZON Program agreement

The Department of Infrastructure and Development received the attached application from First Move Properties, LLC for the HORIZON program. The HORIZON program was created to facilitate the construction of hotel or multifamily residential development in the Central Business Zoning District to accelerate economic activity in Downtown Salisbury. Additionally, the project has not received a certificate of occupancy.

The attached Letter of Intent has been signed by both the Director of Infrastructure and Development and the applicant. Also attached is a Resolution to authorize the Mayor to sign the attached HORIZON agreement. If construction of the Project is delayed or the schedule set forth in the HORIZON Agreement is not met, then the Applicant may request a one (1) year extension, and approval of such request shall be considered by the Mayor.

Unless you or the Mayor has further questions, please forward a copy of this memo, application, letter of intent, Resolution and Agreement to the City Council.

2) General description of the proposed project:

The Project consists of a building approximately 185ft tall, complete with approximately sixty (60) residential apartment units comprised of two-person, three-person, or four-person luxury-style apartments located at 130-132 E. Main St. and a building approximately 120ft tall, complete with approximately forty-five (45) residential apartment units comprised of two-person, three-person, and four-person luxury-style apartments located at 144 E. Main Street.

3) How does this project align with the HORIZON program goals?

<u>The Horizon program seeks to incentive the construction and expansion of Downtown Salisbury in order to</u> increase economic activity. The project will achieve this goal by creating hundreds of jobs in Downtown during construction and will add over 360 permanent residents in Downtown. Additionally, the project will create a enduring link between Downtown Salisbury and Salisbury University since it has been designed for college students. Overall the project exemplifies the City's stated goal for the Horizon Program and First Move Properties looks forward to taking part in the transformation of Downtown Salisbury.

4) Does this project conform to the City's adopted Downtown Master Plan? How does this project meet the goals of the Downtown Master Plan?

The Project complies with the City's goals for development in the CBD zoning district. At its heart, the purpose of the CBD: "is to maintain and strengthen the role of the downtown area as the community and regional center for a broad range of governmental, cultural, institutional, professional, business, service, and retail activities; [and,] to enhance the vitality of the downtown by encouraging residential uses." (See Chapter 17.24.010(C)). Here, the Project involves completely remodeling and re-purposing historic buildings in the CBD. All told, the Project will convert three buildings exclusively for office space into two new buildings equipped with approximately 100 new luxury-style apartments. When finished, the Project will more than double the residential inventory available for rent in Downtown Salisbury; and, because the Project is centrally focused on offering high-quality apartment-style rentals to university students, the Project will inextricably strengthen the connection Downtown Salisbury shares with Salisbury University.

6) Property ownership structure:

7) Do you intend to "Phase" the project? If so, please provide phasing details.

No.

8 Description of on- or off-site or associated additional projects, if applicable.

The project also includes plans for the construction of a walking bridge connecting the buildings to the City's parking garage to service the parking needs of the residents. The walking bridge will connect to the top level of the parking garage and the fourth floor of The Ross buildings.

9) Description of public or tenant accessible amenities, if applicable.

The Project includes a public courtyard between the two buildings where the old Chamber of Commerce parking lot was located. The courtyard will be complete with gardens and outdoor seating for everyone to enjoy.

OPERATING ASSISTANCE GRANT PROGRAM GRANT AGREEMENT

This Grant Agreement (this "**Agreement**") entered into as of the Effective Date (as hereinafter defined), by and between the DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT, a principal department of the State of Maryland ("**DHCD**") and CITY OF SALISBURY (the "**Grantee**").

RECITALS

WHEREAS, Grantee has applied to DHCD for a grant under the Operating Assistance Grant Program (the "**Program**"). The Program includes (i) Operating and Technical Assistance Grants ("**TAG Grants**"), pursuant to §4-211 of the Housing and Community Development Article of the Annotated Code of Maryland, as amended and the Code of Maryland Regulations ("**COMAR**") 05.11.01; and (ii) Main Street Improvement Program Grants ("**MIP Grants**"), pursuant to §6-102 of the Housing and Community Development Article of the Annotated Code of Maryland, COMAR 5.13.02, and DHCD's general authority to administer and implement programs, pursuant to §2-102 of the Housing and Community Development Article of the Annotated Code of Maryland, as amended. The provisions of the Annotated Code of Maryland and the related regulations are referred to herein collectively as the "**Act**."

WHEREAS, the purpose of the TAG Grants is to enable eligible nonprofit organizations, local governments, local development corporations and local development agencies to obtain or provide advisory, consultative, training and educational services to initiate or enhance community development and commercial revitalization activities to bring reinvestment and economic revitalization to their communities.

WHEREAS, the purpose of the MIP Grants is to promote the development and revitalization of business districts in local jurisdictions through a grant to a local government designated as a Main Street Maryland community, a Baltimore Main Street, or a nonprofit Main Street organization, with the support of the local government.

WHEREAS, in reliance upon the representations and certifications contained in the Grantee's application for grant assistance dated April 29, 2020 (the "Application"), DHCD has approved an award of TAG Grant funds to the Grantee, to be expended by the Grantee in accordance with the requirements and provisions of this Agreement, the Program, DHCD's Program Policy Guide, as amended from time to time (the "Guide"), and the Act.

IN CONSIDERATION of the mutual promises and covenants contained in this Agreement, DHCD and Grantee agree as follows:

1. <u>Specific Purpose</u>. The purpose of this Agreement is to provide the Grantee with financial assistance to pay for the activities (the "**Project Activities**") set forth in <u>Exhibit A</u> attached hereto (the "**Project**").

2. <u>Grant Amount</u>.

(a) DHCD agrees to provide Grantee with a grant from the Program in a total amount not to exceed Twenty Thousand and 00/100 Dollars (\$20,000) (the "**Grant**").

(b) The Grant shall be disbursed in accordance with Section 6 of this Agreement and as detailed in the budget (the "**Budget**") set forth and attached as <u>Exhibit B</u> of this Agreement.

3. <u>Grantee Contribution</u>.

The Secretary of DHCD has made a determination to waive the Grantee contribution pursuant to COMAR 5.11.01.11(D) and COMAR 5.13.02.12.

4. <u>Grant Period</u>.

The Grant shall be disbursed over a one year term (the "**Grant Period**"). The Grant Period is deemed to commence on the Effective Date.

5. <u>Expenditure of the Grant</u>. Grantee agrees to use the Grant funds only for the approved Project. All expenses to be paid with the Grant shall be paid in a manner satisfactory to DHCD, prior to the expiration of the Grant Period. The Grantee shall expend the Grant only for the categories of activities set forth in the Budget. Grantee shall use the Grant in accordance with the provisions of the Act, the Guide, and this Agreement.

6. <u>Disbursement of the Grant</u>.

(a) Requests for disbursement of the Grant shall be in writing upon forms provided by DHCD.

(b) Requests for disbursement of Grant funds must be accompanied by a statement that the representations, certifications, and other matters contained in the Application and this Agreement are and remain true and complete in all material respects. Disbursement requests may seek funds to pay for certain projected costs anticipated to be incurred as well as reimbursement for costs incurred on or after the date of the Application. DHCD shall have the right at any time to request that the Grantee provide additional supporting documentation with any request for disbursement.

(c) All disbursements of the Grant are subject to the availability of funds under the Program during the Grant Period.

(d) Disbursements of the Grant may be made at any time after the Effective Date, subject however to any special conditions set forth in <u>Exhibit C</u>.

(e) Disbursements of the Grant shall be made on a quarterly basis. DHCD reserves the right to make disbursements contingent upon completion by Grantee of the Project Activities, in a manner acceptable to DHCD. Grantee shall indicate on each periodic disbursement request all costs for which payment is requested.

(f) DHCD may make disbursements of the Grant more frequently than quarterly if DHCD, in its sole discretion, determines that a disbursement would materially benefit the Project and help the Grantee accomplish the Project Activities.

(g) DHCD reserves the right not to disburse all or any portion of the Grant if in the sole discretion of DHCD: (i) Grantee has failed to supply any material fact in a disbursement request; (ii) Grantee's disbursement request, when combined with all prior disbursement requests, exceeds the total

amount of the Grant; (iii) Grantee is in default under this Agreement; or (iv) the Project is not performing to the satisfaction of DHCD.

(h) If Grantee is not a local government or jurisdiction, Grantee may use a portion of the Grant funds for reimbursement of indirect costs. The indirect cost reimbursement rate is: (i) equal to the indirect cost reimbursement rate Grantee receives from a federal agency or other State of Maryland ("**State**") agency, if applicable; or (ii) up to 10% of the costs that would be considered modified total direct costs under the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards adopted by the Office of Management and Budget in 2 C.F.R. 200 and any related guidance published by the Office of Management and Budget. The indirect cost reimbursement rate applies to the portion of the Grant, if any, that is for the provision of services.

7. <u>Default and Remedies</u>.

(a) A default shall consist of a breach of any covenant, agreement, term or certification in this Agreement, including a determination by DHCD that (i) the Grantee has expended all or any portion of the Grant for purposes other than as set forth herein; (ii) the Grantee has expended all or any portion of the Grant other than in accordance with the permitted categories of activities and matching source of funds set forth in the Budget; or (iii) the Grantee is not completing the Project Activities to the satisfaction of DHCD.

(b) Upon the occurrence of default, DHCD in its sole discretion may:

- (i) Reduce or withhold payment in response to Grantee's next disbursement request;
- (ii) Demand repayment from Grantee; and
- (iii) Terminate this Agreement.

(c) In addition to the rights and remedies contained in this Agreement, DHCD may at any time proceed to protect and enforce all rights available to DHCD by suit in equity, action at law, or by any other appropriate proceedings, all of which rights and remedies shall survive termination of this Agreement. Furthermore, no failure or delay of DHCD to exercise any right, power, or remedy consequent upon a default shall constitute a waiver of any such term, condition, covenant, certification, or agreement, or preclude DHCD from exercising any such right, power, or remedy at any later time or times.

8. <u>General Requirements of Records and Reports; Inspection</u>.

(a) <u>Records and Inspection</u>. Grantee shall maintain accurate financial records in a form acceptable to DHCD of all transactions relating to the receipt and expenditure of the Grant. Grantee shall maintain and shall make the financial records, books, accounts, other relevant records, administrative offices and personnel, whether full-time, part-time, consultants or volunteers, available to DHCD during reasonable work hours upon request during the term of this Agreement and for a period of not less than 5 years following termination of this Agreement.

(b) <u>Quarterly Progress Reports</u>. During the term of this Agreement, Grantee shall provide DHCD with quarterly progress reports on each of January 1, April 1, July 1, and October 1, in a form to be provided by DHCD, which shall contain information about the progress of the Grantee in relation to the Project, and Grantee's organizational goals, problems encountered, expenditures made against the

Budget, and a projection of revenues required for the next quarter, including a disbursement request, if applicable. Grantee shall ensure that each quarterly progress report is received by DHCD within 10 working days of the close of the quarterly period.

(c) <u>Final Report</u>. Within 45 days after the expiration of the Grant Period, the Grantee shall submit to DHCD a final report (the "**Final Report**") which describes the progress made in fulfilling the purposes of the Grant, any problems encountered in fulfilling these purposes, as well as any other relevant factors related to the Grant as determined by DHCD. The Final Report shall also contain an expense and revenue summary of the Project, certified by the highest fiscal officer of the Grantee, which lists all expenditures relating to the Grant. In addition, any completed studies, surveys, reports or other work products, if applicable, shall be attached to the Final Report.

(d) <u>Audit</u>. Grantee shall provide DHCD with:

(i) An annual financial statement within 30 days of the end of the fiscal year of Grantee, and

(ii) Copies of any audits performed on Grantee's records by any other entities.

9. <u>Modifications</u>.

(b) Upon approval of the modification by the board of directors or other governing body of the Grantee, Grantee shall submit a written request for modification of the Project to DHCD. DHCD shall determine, in its sole discretion, whether to allow the requested modification.

Subject:	2021 SALISBURY GO BORROWING ORDINANCE FOR "NEW MONEY" PROJECTS
Date:	July 1, 2021

Attached is a Bond Ordinance covering the issuance and sale of General Obligation Bonds planned to be issued as set forth in our FY22 Budget. In addition to the funding of projects per the FY22 Budget the City's financial advisor is planning on the refunding of bonds which they determine will be profitable to refinance. Below is an Overview and Bullet Points Summary from Bond Counsel, Lindsey Rader of Funk & Bolton.

- _Ordinance Recitals trace borrowing powers and the City's intention to borrow money to finance, reimburse or refinance costs of the public purpose projects identified in Section 3 through the issuance of general obligation bonds and, to the extent applicable, general obligation bond anticipation notes and/or general obligation refunding bonds.
- Section 1 Provides that Recitals are an integral part of the Ordinance and terms defined therein and not otherwise defined in the Ordinance Sections shall have the meanings given to such terms in the Recitals, and any official referred to by title in the Ordinance shall include any person serving in the absence or disability of a titled official or in an acting or interim capacity and any person generally referred to by another title (titles used in the Ordinance conform to titles used in the Charter or the City Code). Clarifies that references to principal amounts or proceeds of obligations mean the par amounts of such obligations.
- Sections 2 The City determines to borrow money and incur indebtedness for the public purpose of financing, reimbursing or refinancing "costs" as defined in Section 3(b) of the Projects.
- Section 3 The City is authorized to issue its general obligation bonds in one or more series from time to time in an original aggregate principal amount not to exceed \$6,124,076 (the "Bonds"). Section 3(b) defines "costs" (thereafter referred to as "Costs")

of the Projects") and the "Projects". Provides that the City may reallocate principal amounts among the Projects without notice to or consent of the holders of the Bonds or any BANs (as identified in Section 6) and that proceeds may be spent on any applicable Costs of the Projects notwithstanding the descriptive names of the Projects including, without limitation, costs related to changes in the scopes of and/or names of any of the Projects effected through applicable budgetary procedures or applicable law, including to the extent applicable, by resolution. In the event the City issues any BANs, application of Bond proceeds to pay or prepay principal, premium and/or interest on the BANs will be deemed application for Costs of the Projects. Provides for the allocation and reallocation, without notice to or the consent of the holders of any BANs, of unexpended proceeds, net original issue premium realized upon sale and/or investment earnings.

- Section 4 Proceeds of the Bonds will be used solely for the public purposes described in Section 3 of the Ordinance unless the Council enacts a supplemental ordinance, subject to Section 3(c); specifies circumstances in which a supplemental ordinance is not required.
- Section 5 Prior to issuing any series of the Bonds, the Council shall adopt one or more resolutions fixing, determining, approving or providing for all details relating to such series. Section 5 sets forth the types of determinations to be made by resolution. Section 5 authorizes the Council to delegate to one or more officials authority to make any determinations with respect to a series of the Bonds.
- Section 6 (a) The City is authorized to issue and sell from time to time one or more series of general obligation bond anticipation notes ("BANs") in an original aggregate principal amount not to exceed \$6,124,076 in order to finance, reimburse or refinance Costs of the Projects on an interim basis. Details regarding each series of BANs will be determined or provided for by resolution of the Council, and any such resolution shall make or provide for the same types of determinations provided for in Section 5 with respect to the Bonds, to the extent applicable to the BANs. By resolution the Council may delegate to one or more officials the authority to make any determinations with respect to a series of the BANs. (b) The City covenants to pay from the Bonds the principal of any issued BANs, to issue Bonds to refinance any issued BANs as soon as the reason for deferring issuance of such Bonds abates, and to pay interest on any issued BANs. (c) The Ordinance provides that the Council may provide by resolution for renewal of any BANs at maturity with or without resale and for any modifications to the BANs and related documentation.
- Section 7 The City is authorized to issue and sell from time to time one or more series of general obligation bonds in order to currently refund or advance refund any Bonds issued pursuant to the Ordinance, including by paying issuance costs and funded interest, provided that the original aggregate principal amount of any series of refunding bonds may not exceed 130% of the aggregate principal amount of the bonds refunded therefrom (the "Refunding Bonds"). Details regarding each series of Refunding Bonds will be determined or provided for by resolution of the Council, and any such resolution shall make or provide for the same types of determinations provided for in Section 5 with

respect to the Bonds, to the extent applicable to the Refunding Bonds, and other determinations required by applicable law. Provides for the allocation and reallocation, without notice to or the consent of the holders of the Refunding Bonds, of unexpended proceeds, net original issue premium realized upon sale and/or investment earnings. By resolution the Council may delegate to one or more officials the authority to make any determinations with respect to a series of the Refunding Bonds.

- Section 8 The City pledges its full faith and credit and unlimited taxing power to the payment of any issued Bonds, BANs or Refunding Bonds ("Obligations"); to the extent other moneys are available for such purpose, the City may apply such other moneys to pay debt service on such Obligations as long as such application does not violate federal tax code limitations or other applicable law. In addition, the Council by resolution may provide that all or a portion of debt service on any series of the Obligations may be payable in the first instance from other sources(s).
- Section 9 By resolution the Council may make appropriate arrangements in the event any put option, change in interest rate or modification of any issued Obligation could lead to a reissuance of the same for federal tax code purposes.
- Section 10 By resolution the Council may determine that any series of the Obligations may be consolidated with any other bonds, bond anticipation notes or refunding bonds of the City, as applicable, and issued as a single series.
- Section 11 By resolution the Council may authorize any modifications to a series of the Obligations once issued and related documentation unless under applicable law the proposed modifications require action by ordinance in addition to or in place of a resolution.
- Section 12 Appropriate officials are authorized to take all action necessary to complete and close the sale and delivery of each series of the Obligations and to consummate the transactions contemplated by such issues.
- Section 13 Title is a statement of the substance of the Ordinance for publication and all other purposes.
- Section 14 Provisions of the Ordinance shall be liberally construed.
- Section 15 Ordinance will be effective following approval by the Mayor or subsequent passage by the Council over the Mayor's veto in accordance with Charter Section SC2-12.

Notes:

(1) Even though it is currently expected (without having gone through the tax due diligence

process) that the City will issue all the authorized Bonds at one time, as a single series, we always authorize bonds to be issued in one or more series from time to time at a stated not-to-exceed original aggregate principal amount in case the City decides to undertake the contemplated borrowing in stages or in case both tax-exempt and taxable series need to be issued. Any such series of the Bonds may be issued as a single series of new money and refunding bonds.

(2) Pursuant to the Charter, the Council may determine a method of sale by resolution. The contemplated Bonds, due to the current expectation that they will be issued at one time and their aggregate issue size, are expected to be sold by a public sale at competitive bid. Forms of sale other than a public sale at competitive bid include: (i) a negotiated underwriting with one or more underwriters chosen by the City, (ii) a direct purchase transaction with a single bank where the City just approaches/negotiates with one bank to provide the financing or (iii) a direct purchase transaction where an RFP process is used to identify the bank that will purchase the applicable series of the obligations.

(3) BAN issuance authority is contained in the Ordinance in case interest rates have moved up at the time the City is ready to pursue financing for the Projects and the City decides to incur a short-term borrowing in order to finance, reimburse or refinance Costs of the Projects on an interim basis. If BANs are issued, the expectation is that Bonds will be issued at a later date to pay/prepay the BANs at or prior to maturity.

(4) The reason the maximum principal amount of each series of Refunding Bonds is expressed as a percentage of the outstanding principal amount of the Bonds being refunded is because refunding bonds are usually sized to cover not only outstanding principal of the bonds being refunded but also accrued interest, any prepayment premium and costs of issuance of the refunding bonds. Also, refunding authority is included in this Ordinance because if the market moves in the right direction at a later date that makes it advantageous for the City to refund any of the Bonds, the City can move quickly because it can determine the details by resolution rather than having to first authorize the refunding bonds by ordinance at that time. AN ORDINANCE OF THE COUNCIL (THE "COUNCIL") OF THE CITY OF SALISBURY TO AUTHORIZE AND EMPOWER CITY OF SALISBURY (THE "CITY") TO ISSUE AND SELL FROM TIME TO TIME, UPON ITS FULL FAITH AND CREDIT, ONE OR MORE SERIES OF (1)(A) GENERAL OBLIGATION BONDS AND (B) GENERAL OBLIGATION BOND ANTICIPATION NOTES, EACH IN AN ORIGINAL AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED SIX MILLION ONE HUNDRED TWENTY-FOUR THOUSAND SEVENTY-SIX DOLLARS (\$6,124,076), AND (2) GENERAL OBLIGATION REFUNDING BONDS, SUBJECT TO THE LIMITATIONS PROVIDED FOR HEREIN, THE PROCEEDS OF THE SALE THEREOF TO BE USED AND APPLIED FOR THE PUBLIC PURPOSE OF FINANCING, REIMBURSING OR REFINANCING COSTS OF THE PUBLIC PURPOSE PROJECTS IDENTIFIED HEREIN AS GOB AIR HANDLER REPLACEMENT; APPARATUS REPLACEMENT - AERIAL LADDER; FIELD OPERATIONS FACILITY PLAN - PHASE 3 DOWNTOWN STREET SCAPING; MARKET STREET **SHORELINE** GARAGE; IMPROVEMENTS; NORTHWOOD AND BREWINGTON BRANCH CULVERT; ADA: RAMP AND BATHROOM CONVERSION; FIELD OPERATIONS FACILITY PLAN - PHASE 2; AND PORT EXCHANGE RIVERWALK REPLACEMENT; SPECIFYING THE MAXIMUM ORIGINAL AGGREGATE PRINCIPAL AMOUNT OF THE BONDS OR BOND ANTICIPATION NOTES PROVIDED FOR HEREIN TO BE ALLOCATED TO EACH SUCH PROJECT, SUBJECT TO REALLOCATION BY THE CITY IN ACCORDANCE WITH APPLICABLE BUDGETARY PROCEDURES OR LAW; PROVIDING THAT THE COUNCIL BY RESOLUTION SHALL DETERMINE, APPROVE OR PROVIDE FOR VARIOUS MATTERS RELATING TO THE AUTHORIZATION, SALE, SECURITY, ISSUANCE, DELIVERY, PAYMENT AND PREPAYMENT OR REDEMPTION OF AND FOR EACH SERIES OF THE BONDS, THE BOND ANTICIPATION NOTES AND THE REFUNDING BONDS (EACH A "SERIES OF THE OBLIGATIONS" OR THE "OBLIGATIONS"); PROVIDING FOR THE IMPOSITION OF AD VALOREM TAXES SUFFICIENT FOR, AND PLEDGING THE FULL FAITH AND CREDIT AND UNLIMITED TAXING POWER OF THE CITY TO, THE PAYMENT OF DEBT SERVICE ON EACH SERIES OF THE OBLIGATIONS; PROVIDING THAT DEBT SERVICE ON EACH SERIES OF THE OBLIGATIONS ALSO MAY BE PAID FROM ANY OTHER SOURCES OF REVENUE LAWFULLY AVAILABLE TO THE CITY FOR SUCH PURPOSE: PROVIDING THAT CERTAIN ACTIONS MAY BE TAKEN OR PROVIDED FOR BY RESOLUTION IN CONNECTION WITH THE REISSUANCE OR MODIFICATION OF ANY OF THE OBLIGATIONS; PROVIDING THAT ANY OF THE OBLIGATIONS MAY BE CONSOLIDATED WITH OTHER OBLIGATIONS OF THE CITY AND ISSUED AS A SINGLE SERIES OF BONDS, BOND ANTICIPATION NOTES AND/OR REFUNDING BONDS; AUTHORIZING, DIRECTING AND EMPOWERING OFFICIALS AND EMPLOYEES OF THE CITY TO TAKE CERTAIN ACTIONS IN CONNECTION WITH THE OBLIGATIONS: AUTHORIZING MODIFICATIONS OF THE OBLIGATIONS TO BE MADE BY RESOLUTION UNLESS ANOTHER ACTION IS REQUIRED; PROVIDING THAT THIS
