

RESOLUTION NO. 3148

A RESOLUTION OF THE CITY OF SALISBURY, MARYLAND AUTHORIZING THE MAYOR TO EXECUTE A “SETTLEMENT PARTICIPATION AND RELEASE” RESULTING FROM A NATIONAL SETTLEMENT NEGOTIATED BY AND BETWEEN CERTAIN OPIOID DISTRIBUTORS AND STATE AND LOCAL GOVERNMENTS, AND FURTHER AUTHORIZING THE MAYOR TO ENTER INTO AN AGREEMENT WITH THE STATE OF MARYLAND PROVIDING FOR DIRECT AND INDIRECT ALLOCATION OF SPECIFIED SETTLEMENT PROCEEDS TO THE CITY OF SALISBURY, MARYLAND.

RECITALS

WHEREAS, the people of the State of Maryland and its local governments have been harmed by an epidemic of opioid addiction and opioid overdose deaths; and

WHEREAS, certain pharmaceutical manufacturers, distributors, and dispensers have engaged in unlawful conduct related to the manufacture, marketing, promotion, distribution, and dispensing of opioids that has caused these harms; and

WHEREAS, many of Maryland’s local governments secured legal representation and filed suit against certain manufacturers and distributors, seeking to hold them accountable for their unlawful conduct and to obtain funds to be used to abate the epidemic; and

WHEREAS, although the City of Salisbury did not elect to participate in the aforementioned lawsuits, the settlement negotiations arising from the lawsuits filed against Johnson & Johnson, Amerisource Bergen, Cardinal Health, and McKesson have resulted in national settlements that invite participation by all States and many of their local subdivisions (“qualifying subdivisions”), including the City of Salisbury, regardless of whether such States and/or qualifying subdivisions were parties to the lawsuits; and

WHEREAS, the national settlement agreements can be accessed and reviewed on the national settlement website found at: <https://nationalopioidsettlement.com/>; and

WHEREAS, the national settlement agreements provide for each State to receive a specified share of the overall settlement proceeds, and specifically tie the dollar amount allocated to each State to the percentage of participation by such State and its qualifying subdivisions; and

WHEREAS, in order to facilitate full participation in the national settlement agreements, and thereby maximize recovery from the national settlements for the benefit of their residents, the State of Maryland and its local governments have negotiated a separate State-Subdivision Agreement to address the allocation of the settlement funds received by the State of Maryland in the national settlement; and

WHEREAS, the State-Subdivision Agreement allocates funds directly and indirectly (through grant opportunities) to the City of Salisbury, and while this share of the settlement proceeds will not be sufficient to abate the widespread harm of the epidemic, such funds will nevertheless enable the City of Salisbury to significantly increase the reach and effectiveness of ongoing abatement efforts; and

WHEREAS, receipt of such funds by the City of Salisbury is contingent upon 1) execution of and entry into the Settlement Participation and release of claims arising from the opioid lawsuits and set forth

in **Exhibit 1**; and 2) execution of and entry into the State-Subdivision Agreement set forth in **Exhibit 2**, both of which exhibits are incorporated as if fully set forth herein.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SALISBURY as follows:

Section 1. The Mayor is authorized to execute and enter into the attached Participation and Release form, or a version substantially similar thereto, on behalf of the City of Salisbury, Maryland.

Section 2. The Mayor is authorized to execute and enter into the attached State-Subdivision Agreement, or a version substantially similar thereto, on behalf of the City of Salisbury, Maryland.

AND, BE IT FURTHER RESOLVED BY THE COUNCIL OF THE CITY OF SALISBURY AS FOLLOWS:

Section 3. It is the intention of the Council of the City of Salisbury that each provision this Resolution shall be deemed independent of all other provisions herein.

Section 4. It is further the intention of the Council of the City of Salisbury that if any section, paragraph, subsection, clause or provision of this Resolution shall be adjudged invalid, unconstitutional or otherwise unenforceable under applicable Maryland or federal law, such adjudication shall apply only to the section, paragraph, subsection, clause or provision so adjudged and all other provisions of this Resolution shall remain and shall be deemed valid and enforceable

Section 5. The Recitals set forth hereinabove are incorporated into this section of this Resolution as if such recitals were specifically set forth at length in this Section 5.

THIS RESOLUTION was duly passed at a meeting of the Council of the City of Salisbury held on January 24, 2022, and is to become effective immediately upon adoption.

PARTICIPATION INSTRUCTIONS

Thank you for registering your subdivision on the national settlement website and for considering participating in the proposed Settlement Agreement with McKesson Corporation, Cardinal Health, Inc., and AmerisourceBergen Corporation (collectively “Settling Distributors”). This virtual envelope contains a Participation Form including a release of claims. The Participation Form in this envelope must be executed, without alteration, and submitted in order for your subdivision to be considered potentially “participating.”

The sign-on period for subdivisions ends on January 2, 2022. On or after that date, the states (in consultation with the subdivisions) and the Settling Distributors will determine whether the subdivision participation rate is sufficient for the settlement to move forward. If the deal moves forward, your release will become effective. If it does not, it will not.

As a reminder, if you have not already started your review of the settlement documentation, detailed information about the Settlements may be found at: <https://nationalopioidsettlement.com/>. This national settlement website also includes links to information about how the Settlements are being implemented in your state and how settlement funds will be allocated within your state, including information about, and links to, any applicable allocation agreement or legislation. This website will be supplemented as additional documents are created. If you have questions, please contact your counsel (if you have counsel on opioids matters) or Brian Edmunds at the Maryland Attorney General’s Office at 410-576-6578 or bedmunds@oag.state.md.us.

Introduction

WHEREAS, the State of Maryland, its local governments, and its people have been harmed by an epidemic of opioid addiction and overdose deaths, as well as by the myriad costs to the health, economic well-being, and welfare of all Maryland residents caused by the epidemic; and

WHEREAS, certain pharmaceutical manufacturers, distributors, and dispensers have engaged in unlawful conduct related to the manufacture, marketing, promotion, distribution, and dispensing of opioids that has caused these harms; and

WHEREAS, the State and many of its local governments have engaged in investigations, litigation, and settlement negotiations involving certain manufacturers and distributors seeking to hold them accountable for their unlawful conduct and to obtain funds to be used to abate the epidemic; and

WHEREAS, the settlement negotiations with Johnson & Johnson, Amerisource Bergen, Cardinal Health, and McKesson have resulted in national settlements that invite participation by States and their local subdivisions, according to the terms of the agreements; and

WHEREAS, the State and its local governments recognize that their share of the settlement proceeds will not be sufficient to abate the widespread harm of the epidemic, but that the funds will enable them to increase significantly the reach and effectiveness of their ongoing abatement efforts; and

WHEREAS, the State and its local governments recognize that obtaining their full share of the settlement proceeds is contingent upon full participation in the national settlements by the State and all its qualifying subdivisions; and

WHEREAS, this State-Subdivision Agreement will facilitate compliance with the National Settlement Agreements on the part of the State and its local governments; and

WHEREAS, the National Settlement Agreements set default intrastate allocation formulas unless the State and its local governments enter state-specific State-Subdivision Agreements regarding the allocation and distribution of their shares of settlement proceeds; and

WHEREAS, distribution of the settlement proceeds may also be governed by Section 7-331 of the State Finance and Procurement Article Section, in the absence of a State-Subdivision Agreement; and

WHEREAS, to maximize recovery from the national settlements for the benefit of the residents of Maryland, it is necessary and appropriate to reach agreement among the State and its local governments as to the allocation and distribution of their shares of the settlement funds,

The Parties hereto agree as follows:

STATEMENT OF AGREEMENT

Section II General Terms

- (a) This State-Subdivision Agreement shall be dated January 21, 2022 and shall be effective on that date for all purposes under the National Settlement Agreement. Subdivisions that return Subdivision Settlement Participation Forms under the National Settlement Agreement shall be deemed to consent to this Agreement.

- (b) This State-Subdivision Agreement shall be subject to the requirements of the National Settlement Agreement, as well as applicable law, and unless explicitly provided otherwise, the National Settlement Agreement governs over any inconsistent provision of this State-Subdivision Agreement. The Parties shall also commit jointly to effectuate the goals of this Agreement through legislation amending State Finance and Procurement Article Section 7-331 to conform with this Agreement's distribution requirements.
- (b) This Agreement shall not create rights in any Non-Participating Subdivision to Settlement Proceeds of any kind, provided that the State may, consistent with the National Settlement Agreement, establish programs using Settlement Proceeds that benefit the residents of any Non-Participating Subdivision.
- (c) This Agreement shall apply to Settlement Payments under the National Settlement Agreement and shall not apply to funding from any other source, *provided that* nothing in this Agreement shall prohibit the State or any of its Subdivisions from voluntarily supplementing Settlement Proceeds from the National Settlement Agreement with funding derived from any other authorized source.
- (d) Any power conferred by this Agreement upon the Secretary may be delegated by the Governor to the Executive Director or a similar official created by future executive order.
- (e) If the National Settlement Agreement to which this State-Subdivision Agreement applies fails to go forward, this State-Subdivision Agreement shall be void and create no rights or duties among the Parties hereto with respect to that National Settlement Agreement. To the extent a National Settlement Agreement to which this State-Subdivision Agreement applies goes forward, this State-Subdivision Agreement will go forward with respect to that National Settlement Agreement.
- (f) This State-Subdivision Agreement shall create no rights in third parties, including parties to the National Settlement Agreement who are not also Parties to this State-Subdivision Agreement.
- (g) Within 60 days of the date of this Agreement, each Subdivision receiving payments under the National Settlement Agreement and this Agreement shall establish a Local Abatement Fund consistent with State law for the purpose of receiving and spending direct payments made to local subdivisions by the Settlement Administrator to Qualifying Exhibit G Subdivisions under the National Settlement Agreement and this Agreement.

- (h) The State shall maintain in the Opioids Restitution Fund a Targeted Abatement Subfund for the purpose of spending money received by the State under the National Settlement Agreement for Targeted Abatement Grants to Subdivisions of the State.

Section III **Use Of Settlement Proceeds**

- (a) Except as provided under subsection (b), all expenditures of Settlement Proceeds by the State or its subdivisions shall be for Permitted Uses that serve the purpose of Future Opioid Remediation as set forth in the National Settlement Agreement.
- (b) Notwithstanding subsection A, any Subdivision receiving settlement proceeds pursuant to Section IV(a)(3) of this Agreement may use up to 15 percent to pay for past Opioid Remediation consistent with Permitted Uses, subject to the accounting requirements of the National Settlement Agreement and the provisions of Section VI(a) of this Agreement.
- (c) The Secretary shall have the discretion to supplement grants to Qualifying Exhibit G Subdivisions for Permitted Uses with additional funding derived from Settlement Proceeds whose expenditure is committed to the discretion of the Secretary by this Agreement, or from any other authorized source provided in the budget or by appropriation; *provided that* the Subdivision's use of Settlement Proceeds and other funds is consistent with State policies and any statewide abatement plan adopted by the Secretary for the purpose of coordinated future opioid remediation.

Section IV **Deposit, Distribution, And Allocation of Settlement Payments**

- (a) Consistent with the National Settlement Agreement and Section 7-331 of the State Finance and Procurement Article, the Settlement Fund Administrator shall allocate and distribute Settlement Payments to the State and its Subdivisions under the National Settlement Agreement as follows:
- (1) **State Allocation.** The Settlement Fund Administrator shall allocate all Additional Restitution Payments, and 15 percent of all Annual Payments, to the State Fund for distribution to the State. Such payments shall be deposited in the Opioid Restitution Fund and expended on Permitted Uses as determined by the State.
- (2) **Targeted Abatement Subfund.** The Settlement Fund Administrator shall allocate 60 percent of all Annual Payments to the Abatement Accounts Fund established by the National Settlement Agreement for distribution to the State. Such payments shall be deposited in the Targeted Abatement Subfund and expended for Permitted Uses as follows:

(A) **State Discretionary Abatement Fund.** 25 percent of the 60 percent (15 percent of all Annual Payments) for Permitted Uses as determined by the Secretary to best serve the purpose of Future Opioid Remediation in the State, *provided that* the Secretary shall establish a program that enables Qualifying Non-Litigating Subdivisions to apply for grants and may, in the Secretary's discretion, make grants from this amount to participating Qualifying Non-Litigating Subdivisions. In determining whether to make a grant under this subsection, the Secretary may consider: (i) whether a grant is consistent with the overall needs for abatement in the community and in Maryland; (ii) the experience of the Subdivision in providing programs for opioids remediation and for the public health generally; (iii) the feasibility of the program to be funded by the grant; (iv) the consistency of the program with State policy and its level of integration with State and County programs for abatement and the discussions required by Section IV(b) of this Agreement; and (v) other needs for Future Opioids Remediation across the State; *provided that*, nothing in this subsection shall require the Secretary to make any grant or restrict the Secretary's discretion in utilizing funds deposited under this Subsection IV(a)(2)(A) as the Secretary believes will best serve the needs of Maryland residents and communities for opioids remediation. A Qualifying Non-Litigating Subdivision that does not apply for a grant in any given year may apply in future years, but only for Settlement Payments applicable to the years in which the Subdivision applies.

(B) **Targeted Abatement Grants.** 75 percent of the 60 percent (45 percent of all Annual Payments) for non-competitive Targeted Abatement Grants to Qualifying Exhibit G Subdivisions for Permitted Uses in accordance with each Subdivision's Subdivision Allocation Percentage as calculated pursuant to Section V of this Agreement. These non-competitive grants shall be made: (i) to the Local Abatement Funds of participating Qualifying Charter Counties within 30 days of the later of the deposit of Annual Payments in the Targeted Abatement Subfund or a Qualifying Charter County's establishment of a Local Abatement Fund pursuant to this Agreement; (ii) to other participating Qualifying Exhibit G Subdivisions upon the Secretary's approval of a grant application demonstrating that a Local Abatement Fund for deposit of Settlement Proceeds has been established, that the Settlement Proceeds will be used under a Local Abatement Plan that ensures the use of funds for Future Opioids Remediation through a Permitted Use, and that the Qualifying Exhibit G Subdivision has the capability of carrying out the specific program for which the grant is to be made. A grant application under this subparagraph (ii) that meets these requirements must be approved by the Secretary. A Subdivision receiving a grant under this subparagraph (ii) must renew it every five years. The Settlement Proceeds of any

Qualifying Exhibit G Municipal Subdivision that does not apply for a grant shall revert to the County in which the Subdivision is located.

(3) **Local Allocation.** The Settlement Fund Administrator shall allocate 25 percent of all Annual Payments to the Subdivision Fund for distribution directly to the Local Abatement Funds established by participating Qualifying Exhibit G Subdivisions in accordance with each subdivision's Subdivision Allocation Percentage as calculated pursuant to Section V of this Agreement, *provided that* no more than 60 percent of these local allocation funds (15 percent of all Base Payments and Incentive Payments overall) may be used for purposes other than Future Opioid Remediation.

(b) It is the intention of this Agreement to promote, as much as reasonably practicable, the efficient, effective, and consistent pursuit of coordinated statewide Future Opioid Remediation policies and programs at all levels of government. To that end, each year, no later than 180 days before an Annual Payment is due, the Secretary shall provide non-binding recommendations for County and Municipal Subdivision expenditure of Settlement Proceeds that, in the Secretary's judgment, will serve an efficient and effective program of Future Opioid Remediation across Maryland. Following the Secretary's recommendations, and no later than 120 days before an Annual Payment is due, a County receiving Settlement Proceeds under this Agreement shall meet with representatives from the Municipal Subdivisions that are located within the County and that receive Settlement Proceeds under this Agreement, plus any other Municipal Subdivisions that express interest in a meeting and are located within the County, together with the Secretary or the Secretary's designee, to discuss their respective plans for the use of Settlement Proceeds. The County and the Municipal Subdivisions within it, with the participation of the Secretary or the Secretary's designee, are encouraged to further engage in discussions as reasonably necessary to foster appropriate coordination. In the event of disagreement, the ultimate use of specific Settlement Proceeds shall be determined by the Subdivision that has been granted them in a manner consistent with the other provisions of this Agreement and applicable law.

Section V **Calculation of Subdivision Allocation Percentages**

(a) When Annual Payments are to be granted or distributed to the Qualifying Exhibit G Subdivisions under the National Settlement Agreement or this Agreement, the Secretary shall determine each Qualifying Exhibit G Subdivision's Subdivision Allocation Percentage according to the following formulas:

- (1) for a County, according to a formula that gives: (A) 25 percent weight to the population of the County as of July 1, 2019, according to the Census Bureau's official population estimates; and (B) 75 percent weight to the results of application of the formula used to derive Exhibit G to the National Settlement Agreement. A county's Subdivision Allocation Percentage shall be reduced by the amount of the Subdivision Allocation Percentage, calculated under subsection V(a)(2), of any Municipal Subdivision that is a Qualifying Exhibit G Subdivision within it.
- (2) for a Municipal Subdivision, according to a formula that gives: (A) 25 percent weight to the population of the Municipal Subdivision as of July 1, 2019, according to the Census Bureau's official population estimates; and (B) 75 percent weight to the results of application of the formula used to derive Exhibit G to the National Settlement Agreement.

Section VI. Audit of Settlement Proceeds and Enforcement

- (a) The Secretary shall establish procedures for the audit of Subdivisions receiving Settlement Proceeds under the National Settlement Agreement and this Agreement consistent with the procedures for other grants to Subdivisions administered by the Secretary. The auditing procedures shall ensure that the requirements of the National Settlement Agreement and this Agreement concerning the use of Settlement Proceeds for Permitted Uses and for Opioids Remediation are followed.
- (b) If the Secretary believes that the provisions of the National Settlement Agreement or this Agreement are being violated, the Secretary shall report the violation to the Attorney General who may enforce the Consent Judgment incorporating the National Settlement Agreement and this Agreement against any Subdivision.

PARTICIPATION INSTRUCTIONS

Thank you for registering your subdivision on the national settlement website and for considering participating in the proposed Settlement Agreement with Johnson & Johnson, Janssen Pharmaceuticals, Inc., Ortho-McNeil-Janssen Pharmaceuticals, Inc., and Janssen Pharmaceutica, Inc. (collectively “Janssen”). This virtual envelope contains a Participation Form including a release of claims. The Participation Form in this envelope must be executed, without alteration, and submitted in order for your subdivision to be considered potentially “participating.”

The sign-on period for subdivisions ends on January 2, 2022. On or after that date, the states (in consultation with the subdivisions) and the Settling Distributors will determine whether the subdivision participation rate is sufficient for the settlement to move forward. If the deal moves forward, your release will become effective. If it does not, it will not.

As a reminder, if you have not already started your review of the settlement documentation, detailed information about the Settlements may be found at: <https://nationalopioidsettlement.com/>. This national settlement website also includes links to information about how the Settlements are being implemented in your state and how settlement funds will be allocated within your state, including information about, and links to, any applicable allocation agreement or legislation. This website will be supplemented as additional documents are created. If you have questions, please contact your counsel (if you have counsel on opioids matters) or Brian Edmunds at the Maryland Attorney General’s Office at 410-576-6578 or bedmunds@oag.state.md.us.

City of Salisbury

Jacob R. Day, Mayor

To: City Council

From: Julia Glanz, City Administrator

Subject: Resolution authorizing the Mayor to enter into a Participation and Release form related to a national opioid settlement, and to enter into a State-Subdivision agreement related to a national opioid settlement

Date: January, 20, 2022

The City of Salisbury, along with every other community in America, has been faced with tackling the opioid epidemic. With the recent national opioid lawsuits against Johnson & Johnson, Amerisource Bergen, Cardinal Health, and McKesson, states and local subdivisions have been invited to participate in those settlement agreements. Although the City of Salisbury did not initially sign on to the lawsuit we have the opportunity to receive a share of the settlement funds to put towards our efforts of abating this epidemic.

The resolution before you is twofold. First, it authorizes the Mayor to execute and enter into the attached Participation and Release form on behalf of the City of Salisbury. The City hasn't signed on to any national lawsuits and will release ourselves from ever entering into one in the future. Second, it authorizes the Mayor to execute and enter into the attached State-Subdivision agreement on behalf of the City of Salisbury. By doing so the City of Salisbury will receive an estimated \$285,689.67 directly that can be used toward a portion of past expenses spent on abating this epidemic and future uses. The City is allocated another \$514,241,40 in non-competition grant funds. To tap into these funds, we will have to submit an abatement plan to the State that meets the National settlement guidelines. This funding is contingent upon the number of other jurisdictions in Maryland that sign on to this agreement and is subject to change.

The Maryland Municipal League helped to negotiate the settlement agreement that is before us today. Our team at Cockey, Brennan, and Maloney have been advocating on our behalf throughout this process.

We recommend approving the resolution to allow for the City to continue to abate this epidemic in creative ways with key partners in our community.
