

Sustainability Advisory Committee “Green Team” Meeting Agenda

May 5, 2021 | 5:30-7:00PM

In person at the Edible Garden

REMINDER: Instead of our regularly scheduled meeting, we'll be doing some work at the Edible Garden adjacent to Market Street (downtown). This should be a fun team-building activity since it's been so long! Meet at 5:30 and we'll work for about an hour before enjoying pizza for dinner together. Please let Elise know about food allergies/preferences by May 1 or bring your own dinner if you would prefer. Items to bring with you:

- Mask (everyone must wear one while we work!)
- Your own water bottle/drink
- A blanket/towel to sit on when we have pizza
- If you have them - work gloves, small shovels/trowel
