Re: CFES endowment – Bridge repairs

---

The Community Foundation of the Eastern Shore administers a Salisbury Park Bandstand & Bridge Designated Endowment Fund. The historic bridge in the City Park is in need of annual maintenance work. Public Works recently obtained Vendor quotes to perform maintenance on the Bridge. The work will include washing, scraping, patching and painting all wood and metal surfaces, and replacing deteriorated wood. The bridge will be painted white to match the existing bridge. The work is classified as maintenance and therefore falls within the permitted activities of the Deed of Easement for the City Park Historic Easement. Maryland Historic Trust has reviewed the scope of work and concurred that it falls under maintenance.

The work will be performed for a total price of \$7,000.00. As of March 31, 2017, the Endowment Fund had \$25,012 of income available for grants, therefore there is adequate funding to complete this project.

Attached is a Resolution for consideration to accept the endowment from the Community Foundation of the Eastern Shore to perform maintenance work on the bridge. Unless you or the Mayor has further questions, please forward a copy of this memo to the City Council.
