About Water Works

The Department of Water Works is responsible for the City water and wastewater systems and treatment facilities. The Department has two Divisions, Water and Wastewater, with a total staff of 50 professionals. The Department is responsible for the treatment and delivery of potable water to City homes and businesses, storage of water and maintenance of a network of piping, valves, and hydrants for fire protection, collection of wastewater and conveyance to a state of the art treatment facility to protect public health.

Profile

All phases of operations and maintenance of two water treatment plants, all wells, outbuildings and water towers. Treatment processes include pressure sand filters, aeration, pH control, corrosion control, fluoridation and disinfection. We will train the right individual. We are looking for individuals looking for long term employment and the opportunity to have a great benefits package which includes, life, health, dental, vision and supplemental insurances. Career Ladder in place to assist with promotional opportunities.

Preferred Education

High School Diploma or GED required. Actively pursuing a degree in Mechanical Engineering and/or Environmental Science.

Preferred Experience

MD Class IV Water Plant Operator Certification is preferred, but must obtain within 3 years.

Requirements/Certifications

Valid Driver's License.
Ability to handle emergencies.
Ability to lift 50lbs. and work shift-work. Will need to provide a copy of driving record.

How to Apply

1 Visit salisbury.md/apply

2 Submit City application, cover letter, and resume

Studies have shown that women and people of color are less likely to apply for jobs unless they believe they can perform every job description task. We are most interested in finding the best candidate for the job, and that candidate may come from a less traditional background. The City may consider an equivalent combination of knowledge, skills, education, and experience to meet minimum qualifications. If you are interested in applying, we encourage you to think broadly about your background and skill set for the role.
