### About Water Works

The Department of Water Works is responsible for the City water and wastewater systems and treatment facilities. The Department has two Divisions, Water and Wastewater, with a total staff of 50 professionals. The Department is responsible for the treatment and delivery of potable water to City homes and businesses, storage of water and maintenance of a network of piping, valves, and hydrants for fire protection, collection of wastewater and conveyance to a state of the art treatment facility to protect public health.

### Profile

Under the general supervision of the assigned supervisor, the Pretreatment Tech I performs wastewater sampling in accordance with USEPA and Maryland Department of Environment guidelines, inspects minor industrial users, and maintains equipment. Assists with weekly and monthly safety checks for WWTP safety equipment. Performs other duties as assigned.

### Preferred Education

High School Diploma or GED

### Preferred Experience

One year of related experience.

### Requirements/Certifications

- Valid Driver's License
- MDE Drinking Water Collection Certification
- Maryland Basic Boating Safety Certification
- Flagger Certification

### How to Apply

**1 Visit [salisbury.md/apply](http://salisbury.md/apply)**

**2 Submit City application, cover letter, and resume**

Studies have shown that women and people of color are less likely to apply for jobs unless they believe they can perform every job description task. We are most interested in finding the best candidate for the job, and that candidate may come from a less traditional background. The City may consider an equivalent combination of knowledge, skills, education, and experience to meet minimum qualifications. If you are interested in applying, we encourage you to think broadly about your background and skill set for the role.
