**Benefits:** Full Benefits

**Closing Date:** Open Until Filled

### About DID

The Infrastructure and Development Department is responsible for administering all infrastructure and development projects in the City. The Department is the one-stop-shop for Developers entering the City to have projects reviewed through all phases, including Planning, Engineering, Traffic Control, Building Permits, Fire Marshal, and Construction Inspection.

### Profile

The Project Engineer manages design, contracting and construction of City infrastructure, reviews private development projects for compliance with City standards and State stormwater regulations. City infrastructure includes drinking water production and distribution, waste water collection and treatment, storm water treatment and management of roads and bridges. Prepares engineering cost estimates for City budget proposals, contract bid documents and project orders for selected engineering firms. Processes change orders and monthly payment requests from project contractors. Reviews and recommends for approval equipment specifications and installation plans for public infrastructure. Maintains effective working relationships with members of the public.

### Preferred Education

Four (4) year ABET accredited Engineering Program.

### Preferred Experience

Good written and verbal communication skills  
Highly organized and good attention to detail  
Strong problem-solving and analytical skills

### Requirements/Certifications

E.I.T. certification preferred  
P.E. license preferred  
Valid Driver's License

### How to Apply

**1 Visit [salisbury.md/apply](https://salisbury.md/apply)**

**2 Submit City application, cover letter, and resume**

Studies have shown that women and people of color are less likely to apply for jobs unless they believe they can perform every job description task. We are most interested in finding the best candidate for the job, and that candidate may come from a less traditional background. The City may consider an equivalent combination of knowledge, skills, education, and experience to meet minimum qualifications. If you are interested in applying, we encourage you to think broadly about your background and skill set for the role.
