

RiverFest Comes to Downtown Saturday July 29th!

For more information and an event map, visit www.salisbury.md/riverfest.

Enjoy fun activities on and around the Wicomico River during the City of Salisbury's second annual Riverfest, set for Saturday, July 29, in Downtown Salisbury. The event runs from 3-7 p.m. and admission is free. Riverfest will kick off with free tandem kayak rentals, followed by the Wacky River Race at 4 p.m. "Bring the family out to Riverfest and celebrate the Wicomico River here in Downtown Salisbury," said Caroline O'Hare, events and culture manager for the City of Salisbury's Arts, Business and Culture Department. "We're excited to offer the ABC Dunk-A-Thon as a new feature this year."

CITY OF SALISBURY
HOUSING AND COMMUNITY DEVELOPMENT DEPARTMENT

Donations are being accepted through August 5th at the Newton Community Center, 306 Newton St. Monday-Friday 10am-5pm. Call 410-677-1959 for more information.

Items needed include: Glue sticks, Tissues, Scissors, Dry Erase Markers, Pencils, Paper, Notebooks, Crayons, and Folders.

Ways to Conserve Water and Energy During the Summer Heat

- Water your plants and yard in the morning or evening, when the sun is lower.
- Reuse water when you can - use collected water to water plants and lawns.
- Sweep driveways and walkways instead of hosing off.
- Cover your pool to prevent the water from evaporating.
- Take your car to the car wash, instead of washing at home.
- If your tap water is warm, run it on low until it cools down. It should only take a few moments to cool.
- Take cooler showers to save energy, water, and to cool down from the summer heat.

Traffic Signal Update

As part of the City of Salisbury's Department of Infrastructure and Development's ongoing effort to keep the public informed of

improvements within the City of Salisbury, please be advised that the traffic signal at Beaglin Park Dr. and Parkside High School is back on and fully functioning. This light was being serviced after it was damaged during severe weather earlier this year.

**SIGNAL BACK ONLINE AT
BEAGLIN PARK DR. AND
PARKSIDE HIGH SCHOOL**

Your cooperation and patience during the duration of this maintenance is greatly appreciated. Should you have any questions or need clarification regarding this project,

please contact Jon Wilson or Brian Duke with Salisbury Department of Infrastructure & Development at 410-548-3170.

Salisbury Fire Dept. Honored with EMS Lifeline Award

Congratulations to the City of Salisbury Fire Department for being honored by the American Heart Association's (AHA) Mission: Lifeline® EMS program with national recognition for their outstanding care by a prehospital provider. The name of the award is the Gold with Target: Heart Attack Honor Roll. After earning the Bronze, Silver, and Silver Plus awards the past three years, the department has finally been honored with a Gold recognition.

Departments can earn Gold recognition by having a minimum patient volume of at least 8 STEMI patients transported directly to a STEMI care center. STEMI stands for ST-Segment Elevation Myocardial Infarction and it is the most severe type of heart attack. The Salisbury Fire Department also had to have at least a 75% adherence to Mission: Lifeline® EMS quality measures and show that they strive to create improved care for STEMI heart patients in order to receive Gold recognition.

"STEMI survivors are at a higher risk of heart failure and the rate of survival for this type of heart attack is lower than other types. As with most medical emergencies, the chance of survival is higher the faster and better the care is, and the Salisbury Fire Department has proven again and again that we are dedicated to providing that much-needed care," said Salisbury Department Fire Chief John Tull. "Our team has been honored with different levels of this award for the past three years, showing a consistent increase in the quality of care that we provide."

"Our EMS staff has once again proven their dedication to the health and safety of our City," said Mayor Jack Heath. "This award was thoroughly deserved because of the hard work of the first responders that spend everyday caring for their community. Congratulations again to the Fire Department."

You can visit the [American Heart Association](https://www.heart.org) to learn more about this program, STEMI care, and other heart conditions.
