

## Update on Trash Collection

The City of Salisbury has secured the lease of a garbage truck and a front end loader, which will help get the Department of Field Operations caught up on trash collection routes across the City. The truck is scheduled to arrive from Pennsylvania on Friday and will allow crews to make significant progress soon.

“We would like to thank all of the Citizens of Salisbury for their understanding during this deeply frustrating time,” Mayor Randy Taylor said. “Clearly, this has been an aggravating situation as trash removal is a critical expectation of any resident — as it should be. For that, we are very sorry as this has been an unprecedented set of circumstances. In the next few days, the City should have all of the needed equipment to begin to catch up, but we encourage the public to feel free to reach out. I would like to thank the Field Operations team for their extraordinary lengths to work through the situation despite delays in getting operable equipment.”

The department continues to utilize unconventional means of trash collection including using nontraditional equipment and dumping cans by hand to keep from falling further behind.

## Have You Heard of Vision Zero?

Learn More About How Salisbury is Using This Model to Improve Safety in Our City

Vision Zero is the Mission to End Traffic Fatalities and Serious Injuries by 2030.

Between 35,000 and 40,000 Americans die each year in traffic crashes. Forty-thousand Americans, each and every year. Children in America are more than twice as likely to die in traffic crashes than our closest peer nations

Salisbury is dedicated to Vision Zero Because our friends, family & neighbors deserve no less than the right to walk, bike and drive safely - the freedom of movement in their own City - without fear of injury in traffic crashes.

[Learn more about the plan and future projects by visiting Salisbury's Vision Zero website.](#)

Unity Square is on track for completion in March! Updates will be posted through the City's media channels.
