

Two Resident Input Surveys Now Open

CITY OF SALISBURY COMPREHENSIVE PLAN UPDATE

Each municipality in the State of Maryland is required to update its Comprehensive Plan every 10 years to address future growth and planned development. This helps to ensure the City allocates the appropriate resources to support the people of Salisbury and that new growth is complementary to the community fabric. The City of Salisbury is in the process of updating the Comprehensive Plan.

More information can be found on the **Department of Infrastructure and Development** webpage.

Public engagement is an important part of the planning process and this website is a resource where you can find the most up-to-date information, share input, and learn about next steps. Please also take the [survey to share your input](#).

[Click here to take the survey and share your thoughts. The survey will be available until February 16, 2024.](#)

New Public Art Competition: Salisbury Prize

The application period is open for the City of Salisbury's first Salisbury Prize, a public art competition with a \$10,000 award.

Maryland artists, architects and creative teams are invited to submit proposals for a public art project at the Riverwalk Games Park in Downtown Salisbury for the 2024 Salisbury Prize. The deadline to submit an application is Feb. 29 at 5 p.m.

In addition to the \$10,000 award, the winner will receive an additional stipend of up to \$5,000 in reimbursement for materials.

“The Salisbury Prize is an important step in growing public art in Salisbury, and we’re looking forward to having a new piece in the Riverwalk Games Park this year,” said Allen Swiger, director of the Arts, Business and Culture Department. “It’s also a great opportunity for local artists to come up with a creative project for the space and apply.”

To learn more about the process or to apply, visit www.bit.ly/SalisburyPrize. For questions, contact info@downtownsalisbury.org.

New Automated System in Downtown Parking Garage

On Thursday, Feb. 8, the new license plate reader system in the Circle Avenue Parking Garage in Downtown Salisbury will go live as part of the City’s overall parking automation project.

The garage will shift to license plate readers (LPRs) for permit holders, while hourly parkers will simply take a ticket. Access in and out of the garage will be regulated by those LPRs.

Billable hours for transient parkers (non-permit) will be from 7 a.m. to 6 p.m., with the first two hours free. Each hour thereafter is \$2. The new system is cashless. Cards and mobile payments will be accepted at the exit lane.

Members of the parking team will be at the garage to assist with the transition to the new lanes/system from 7 a.m. on Feb. 8, until 2 a.m. on Feb. 9.

If you have an issue exiting the garage, and someone is not physically present, please press the intercom button on the pay station and someone will help you exit remotely.
