News from the Salisbury Fire Department

PTSD 911

Step 1: Awareness How Can You Help? Step 2: Action

Together, we can support our first responders.

The graphic features a close-up of a firefighter's face on the left. The text 'PTSD 911' is prominently displayed in the center. Below it are three blue boxes containing the steps: 'Step 1: Awareness', 'How Can You Help?', and 'Step 2: Action'. At the bottom, a white banner reads 'Together, we can support our first responders.'

stressors faced by our first responders. You will learn how these stressors can profoundly impact an officer's well-being. Hear from local

leaders and advocates as to how you can help preserve and enhance our first responder workforce to maintain the safety and security of our communities. The public is invited to view the documentary PTSD 911 on June 7th 6:30pm at Wor-Wic Community College

Newton Community Center Opens New STEM Lab

City staff and administration cut the ribbon to a new STEM Lab located at the Newton Community Center. STEM stands for Science, Technology, Engineering and Math and provides kids with opportunities to explore these fields in a fun environment. The products in the new lab were provided by a grant from the Cal Ripken Sr. Foundation and are all state-of-the-art learning materials geared towards kids in elementary and middle school. The Newton Community Center will be open Monday-Friday 11:30am-4:30pm this summer for free activities and lunch for children under age 18.

Salisbury Zoo Celebrates 70th Anniversary!

Celebrate this milestone anniversary and support future improvements at the Salisbury Zoo's 70th Anniversary Gala on Saturday, June 8, from 5-9 p.m. This is a ticketed event; tickets are available for purchase at bit.ly/SalisburyZooGala.

Salisbury's Property of the Month Award

Housing and Community Development Department's Code Enforcement Team awarded Salisbury residents Jose and Kimberly with Property of the Month! Jose and Kimberly consistently keep their property up to code and the team noticed! Thank you for all you do to keep your home looking great. Every month the Code Enforcement team will be looking for properties to award so keep up the good work Salisbury!

Updates from Department of Water Works

The City of Salisbury's water currently meets all Water Quality Regulations as required by Maryland Department of the Environment and the Environmental Protection Agency. The City has been aware of the new PFAS regulations and has been preparing to install treatment at both Paleo and Park water plants to remove PFAS. The new PFAS rule allows water systems five years to plan, design and find the best solutions for their community. For more information and to view the City's press release,

please scan the QR code or visit our website at salisbury.md/departments/waterworks/pfas

If your home or business was built before 1973, be on the lookout for a lead service line survey from the Department of Water Works. The City is working to develop a lead service line inventory map to comply with the EPA's Lead and Copper Rule and to better protect our community. For more information on the EPA's Lead and Copper Rule, the development of a lead service line inventory map, and to take the survey, please scan the QR code or visit our website at
