About Water Works

The Department of Water Works is responsible for the City water and wastewater systems and treatment facilities. The Department has two Divisions, Water and Wastewater, with a total staff of 50 professionals. The Department is responsible for the treatment and delivery of potable water to City homes and businesses, storage of water and maintenance of a network of piping, valves, and hydrants for fire protection, collection of wastewater and conveyance to a state of the art treatment facility to protect public health.

Profile

Monitors and operates wastewater treatment equipment including meters, pumps and motors. Collects process samples and conducts testing such as pH and DO. Maintains log of operational changes and readings. Performs preventative maintenance and cleans process areas. Maryland Class 5A Wastewater Certification preferred. Must obtain within three (3) years. Performs other duties as assigned.

Current open shift is 4PM to 12AM.

Education

- High School Diploma or GED required

Experience

- Three (3) years of related experience.

Requirements/Certifications

- Valid Driver's License

How to Apply

1 Visit salisbury.md/apply

2 Submit City application, cover letter, and resume

Studies have shown that women and people of color are less likely to apply for jobs unless they believe they can perform every job description task. We are most interested in finding the best candidate for the job, and that candidate may come from a less traditional background. The City may consider an equivalent combination of knowledge, skills, education, and experience to meet minimum qualifications. If you are interested in applying, we encourage you to think broadly about your background and skill set for the role. Jobs will be posted for a minimum of 2 weeks.

City of Salisbury, MD
