News From the Salisbury Police Dept.

As part of our ongoing commitment to community engagement, Sergeant Tom Hitty recently visited St. Francis de Sales School to help celebrate the importance of community connections. During the visit, Sergeant Hitty read a story to the first and second-grade classes and took the time to answer their thoughtful questions about how police officers serve and protect the community.

The students were excited to learn more about the role of law enforcement in their lives, and Sergeant Hitty's interaction was a wonderful opportunity to build positive relationships with our younger generation. SPD looks forward to future opportunities to engage with the community in such meaningful ways.

Officers from the Salisbury Police Department and members of the Salisbury Explorers (PAL) Program recently participated in the 2025 Maryland State Police (MSP) Polar Bear Plunge at Sandy Point State Park. Despite the chilly 35-degree bay water, the team dove in enthusiastically, showing their support for the Special Olympics Maryland and the athletes they serve.

This exciting and meaningful event not only raised awareness for a fantastic cause but also demonstrated the commitment of our officers and Explorers to making a positive impact on the community. We are proud of all those who took part and look forward to next year's plunge with even more support and participation!

Winter Safety Tips from Dept. of Water Works

The Department of Water Works is committed to ensuring the well-being of our residents during the winter season by providing essential tips to protect your pipes from freezing.

- As temperatures drop below freezing, we recommend allowing cold water to drip from one faucet to prevent pressure buildup.
- Additionally, it is vital to turn off water from outdoor spigots, drain

all water from the lines, and install spigot covers for added protection.

- Insulating your crawlspace or basement can also safeguard your pipes from extreme cold.
- Have your HVAC units, fireplaces, and pellet-burning stoves cleaned and inspected annually to ensure safety and optimal performance.
- Lastly, maintaining a thermostat setting above 55 degrees can help keep your home safe during the winter months.

If you suspect that your pipes may have frozen, please turn off the main water line immediately and contact a plumber for assistance. We invite you to reach out with any questions or concerns regarding your water services.

Salisbury Police Dept. Announces Testing Date for Communications Officer Career

The Salisbury Police Department is pleased to announce that we will be holding testing for the position of **Police Communications Officer on Tuesday, February 11, 2025, at 8:00 AM.** This is a great opportunity for individuals interested in a vital role within law enforcement to become part of our team.

If you're interested in participating, you can apply online through [PoliceApp.com](https://www.policeapp.com). For more information or any questions, please contact the Salisbury Recruitment Division at (410) 546-5806 or email us at spdrecruiter@salisburydpd.com

We look forward to meeting candidates who are eager to contribute to the success of our police communications team!
