## Fitzwater Area Repaving Starts this Week

The City of Salisbury is committed to maintaining safe and reliable roadways for its residents. As part of this ongoing effort, the City has hired a contractor to begin road resurfacing in the Fitzwater area, including 1st Street, 2nd Street, Pearl Street, and surrounding roads. Milling work is scheduled to begin on Wednesday, March 5, 2025. Repaving is set to begin on March 10, with completion expected by March 15, barring any unforeseen circumstances. For more information, please

contact the Field Operations Department at (410) 548-3177 or visit the City's website [salisbury.md](https://salisbury.md).

## Downtown Parking Update

The City of Salisbury is pleased to announce a new partnership with T2 Systems, a leading parking management provider, to improve the efficiency and convenience of downtown parking. This transition will modernize

parking operations, offering enhanced digital tools for permit holders and daily parkers.

The full transition to T2 Systems will begin in early April 2025. However, permit holders can begin creating their accounts and securing their permits starting March 5, 2025.

With this partnership, the City will implement an automated permit management and mobile payment system, allowing users to conveniently manage their permits, pay for parking tickets, pay for a parking session, and receive notifications when their parking is confirmed and when it is set to expire. For daily parking garage users, the parking garage will be cashless, with payments accepted via mobile transactions and newly installed pay stations for those who prefer on-site transactions. Parking rates for daily users in the garage are \$2 per hour or \$10 per day.

Downtown Salisbury will continue to offer free two-hour on-street parking to ensure spaces remain available throughout the day. Visitors planning to stay downtown for more than two hours are encouraged to utilize the parking garage or Lot 10. Evening parking will remain free after 4 p.m., as well as on weekends and holidays, maintaining the City's commitment to accessible and convenient parking options.

For more information on parking and permit registration, visit the City's website [here](#) or contact our Parking Authority at 410-548-3195.
