To: John Pick  
From: William T. Holland *WTH*  
Date: 11/3/2009  
Re: Building Board of Appeals

---

Attached, please find a letter from Bruce Williams expressing his desire to serve another term on the Building Board of Adjustments & Appeals. Mr. Williams has served on the board for approximately twenty (20) years.

The required qualifications for board members includes a registered design professional with architectural experience, a builder or superintendent of building construction with at least ten years' experience, registered design professional with structural engineering experience, and a registered design professional with fire protection engineering experience or a fire protection contractor with at least ten years experience.

The board hears and makes decisions or determinations made by the building official relative to the application and interpretation of the building code. An application for appeal is based on a claim that the true intent of the code or the legally adopted rules there under have been incorrectly interpreted, the provisions of the code do not fully apply or an equally good or better form of construction is proposed.

27 October 2009

Mr. William T. Holland  
Director  
Dept. of Building, Permits & Inspections  
City of Salisbury, MD  
125 N. Division Street  
Salisbury, MD 21801

Re: Building Board of Appeals

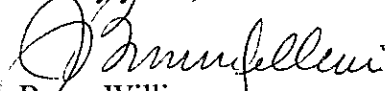

Dear Mr. Holland:

This letter is to express my interest in continuing to serve on the Building Board of Appeals.

I have served on the Board for approximately twenty (20) years with a majority of that time as Chairman. For some thirty (30) years I was associated with Carl J. Williams & Sons, Inc., a local general contractor, who over that time frame built many facilities in and around the Salisbury area. Before selling the company, I was president for fifteen (15) years.

I believe that my knowledge of the construction industry will enable me to serve the Board and the citizens of Salisbury with informed experience.

Sincerely yours,

  
J. Bruce Williams
