Tom Stevenson

March 5, 2010

To the Honorable Mayor James Ireton,

My name is Ricky W. Sanders, my wife and I are the residents and home owners of 223 Oakdale Road, in the Newtown Historic District. I am interested in becoming an active member of the community and would like to be considered for a position on the Salisbury Historic Commission.

I am originally from western Kansas and completed a 21-year career in the United States Navy, finishing my military career and starting my new career in healthcare facility management in Memphis, TN. Approximately 5 years ago, my wife and I had an opportunity to move and settled here on the Eastern Shore, first moving to Pocomoke City, MD and 2 years ago, we purchased our home and moved to Salisbury.

I am employed at Peninsula Regional Medical Center as the Director of Facilities Management. I have a background in engineering operations and a Bachelor of Science in Organizational Management. I have been responsible for many renovations and construction project, recently completing the \$110 million expansion project at The Medical Center. I have a wide variety of experience in building design and specifications, code compliance, and aesthetic appearance of facilities.

As my wife and I have only been in the community for just a few years, our community involvement is quite limited, however, we are active members of Allen Memorial Baptist Church, and I have attend some of the neighborhood group meetings, both in the Newtown District and as a Medical Center representative in the Camden District. We also enjoy walking the downtown district and participating in the Downtown - 3rd Friday Night Out events

I have always been interested in history and the development of communities including capturing their history as part of the character of the community. In each of the areas I lived, knowing the communities history has been important to me and I utilized various resources (libraries, internet, long term residents of the area) to gain insight into the community.

Salisbury has its own unique history, and its development as the "crossroads of the peninsula" is intriguing. Salisbury has great potential to be an even more vibrant community, which also needs to preserve the history of what makes the city's foundation, as it moves forward to meet the citizen's needs of today and the future. I would like to serve my community, and feel this good opportunity to make a positive impact.

I ask that you consider my request to be appointed to the Salisbury Historic Commission and allow me the opportunity to be an active member of the community.

Respectfully,

Ricky W. Sanders
