Office of the Mayor of Salisbury
125 North Division Street – Room 304
Salisbury, MD 21801-4940

Dear Mayor Ireton,

As you are aware, there currently exist two openings on the city's Recycling Advisory Committee. One of those openings is in my quadrant (SW) of the city. I am keenly interested in filling it.

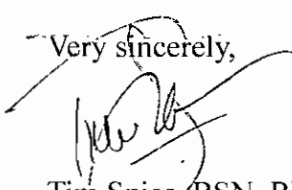

I have attended the RAC meetings for several years and have an appreciation for what work the group does and what potential for further success it holds as an adjunct arm of local government.

It is my belief that the city can improve its current recycling programs and relatively easily institute new strategies at low or zero start-up costs, strategies that can turn a dollar for the city and reduce both its carbon and solid waste footprints.

With a Bachelor of Science degree from Salisbury University, a 30+ year professional career in health sciences, a long history of leadership, a working knowledge of the committee's activities and goals, and a strong desire to see Salisbury become a standout in recycling practices, I feel that I am qualified to contribute as a bona fide member of the committee.

Thank you for your time and consideration.

Very sincerely,

Tim Spies, BSN, RN
CMDMC (HMCM), USN, Retired
