**Re:** Request for Residential Handicap Parking Space

---

The City of Salisbury has received a request to install a residential handicap parking space sign. Maryland Motor Vehicle Administration has indicated the permit is warranted and then forwarded the request to Wicomico County. The County turned over the request to City Public Works, since the location is within City limits. MVA requested the signs be installed within 30 days of the letter. We received the request on October 19<sup>th</sup>. The City has another handicap permit within the same area (see attached picture). Please note the application states the address as Winder Street, but the closest entrance to the property is actually Taylor Street. Please see the attached resolution requesting the handicap permit space, as well as the documentation received from the County, and a picture of another handicap permit space. If you have any questions, please let me know.
